**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**1. Basis of Presentation and Principles of Consolidation**

References to “Fortune Brands,” “the Company,” “we,” “our” and “us” refer to Fortune Brands Home & Security, Inc. and its consolidated subsidiaries as a whole, unless the context otherwise requires.

The Company is a leading home and security products company with a portfolio of leading branded products used for residential home repair, remodeling, new construction and security applications.

The condensed consolidated balance sheet as of September 30, 2018, the related condensed consolidated statements of comprehensive income for the nine and three months ended September 30, 2018 and 2017 and the related condensed consolidated statements of cash flows and equity for the nine months ended September 30, 2018 and 2017 are unaudited. During the first quarter of 2018, we adopted Accounting Standards Update (“ASU”) 2017-07 “Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost”. As a result, we revised our previously reported condensed consolidated financial statements as of the nine and three months ended September 30, 2017. See Note 12, “Defined Benefit Plans,” for further discussion. In the opinion of management, all adjustments necessary for a fair statement of the financial statements have been included. Interim results may not be indicative of results for a full year.

The condensed consolidated financial statements and notes are presented pursuant to the rules and regulations of the Securities and Exchange Commission and do not contain certain information included in our annual audited consolidated financial statements and notes. The December 31, 2017 condensed consolidated balance sheet was derived from our audited consolidated financial statements, but does not include all disclosures required by U.S. generally accepted accounting principles (“GAAP”). This Quarterly Report on Form 10-Q should be read in conjunction with the audited consolidated financial statements and notes included in our Annual Report on Form 10-K for the year ended December 31, 2017.

In September 2018, we acquired 100% of membership interests of Fiber Composites LLC (“Fiberon”), a leading U.S. manufacturer of outdoor performance materials used in decking, railing and fencing products for a total purchase price of approximately \$470.0 million, subject to certain post-closing adjustments. The acquisition of Fiberon provides category expansion and product extension opportunities into the outdoor living space for our Doors & Security segment. Net sales and operating income in the three and nine months ended September 30, 2018 were not material to the Company. We financed the transaction using cash on hand and borrowings under our revolving credit and term loan facilities. The results of operations are included in the Doors & Security segment.

In July 2018, we publicly announced an internal reorganization to combine our Doors & Security segments under common leadership to drive innovation, accelerate product development, and enhance investments and business processes. In conjunction with the reorganization, we changed how our chief operating decision maker evaluates and allocates the resources for the combined business. Reporting for the new Doors & Security segment began in the third quarter of 2018 and historical financial segment information has been restated to conform to the new segment presentation.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

In October 2017, we acquired Victoria + Albert, a UK-based premium brand of standalone bathtubs, sinks, tub fillers, faucets and other accessories. In July 2017, we acquired Shaws Since1897 Limited (“Shaws”), a UK-based luxury plumbing products company that specializes in manufacturing and selling fireclay sinks and selling brassware and accessories. The financial results of both of the acquired companies were included in the Company’s consolidated balance sheets as of September 30, 2018 and December 31, 2017 and in the Company’s consolidated statements of income for the nine and three months ended September 30, 2018, and statements of cash flow for the nine months ended September 30, 2018.

**2. Recently Issued Accounting Standards**

*Revenue from Contracts with Customers*

In May 2014, the Financial Accounting Standards Board (“FASB”) issued ASU 2014-09, which clarifies the accounting for revenue arising from contracts with customers and specifies the disclosures that an entity should include in its financial statements. The standard is effective for annual reporting periods beginning after December 15, 2017 (calendar year 2018 for Fortune Brands). We adopted ASU 2014-09 as of January 1, 2018 and for periods thereafter using the modified retrospective approach, which we applied to all contracts not completed as of January 1, 2018. The cumulative effect of adopting the new revenue standard was not material and no adjustment was recorded to retained earnings. The comparative financial information has not been restated and continues to be reported under the accounting standards in effect for those periods. The adoption of this standard did not have a material impact on the quarter ended September 30, 2018 and we do not expect it to have a material impact on revenue or net income on an ongoing basis.

A majority of our sales revenue continues to be recognized when products are shipped from our facilities to our customers. Previously, for certain products, we recognized sales revenue at destination as we determined risks and rewards transferred at that point. We now recognize sales revenue for these customers at the shipping point of the products consistent with the respective contractual terms.

See Note 11, “Revenue,” for further information.

*Leases*

In February 2016, the FASB issued ASU 2016-02, which requires lessees to recognize almost all leases on their balance sheet as a “right-of-use” asset and lease liability but recognize related expenses in a manner similar to current accounting. The guidance also eliminates current real estate-specific provisions for all entities. In January 2018, the FASB issued ASU 2018-01, which clarifies the application of the new leases guidance to land easements. In July 2018, the FASB issued ASU 2018-10 and ASU 2018-11, which clarify certain guidance included in ASU 2016-02 and introduces a new optional transition method. The standard is effective for annual periods beginning after December 15, 2018 (calendar year 2019 for Fortune Brands) and earlier application is permitted.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

We plan to adopt the standard in the first quarter of 2019 using the transition method introduced by ASU 2018-11, which does not require revisions to comparative periods. We will elect to implement the transition package of practical expedients permitted within the new standard, which among other things, allows us to carryforward the historical lease classification. In addition, we are electing the hindsight practical expedient to determine the lease term for existing leases with renewal options. We will make an accounting policy election to not recognize leases with an initial term of less than twelve months on the balance sheet and we will recognize the related lease payments as expense in the statement of comprehensive income on a straight-line basis over the lease term.

While we are continuing to assess all potential impacts of the standard, we have completed our scoping reviews, identified our significant leases by segment and by asset type, and made progress in developing accounting policies upon adoption of the standard. We have also developed and implemented a lease data extraction strategy and commenced data extraction efforts. Furthermore, we have implemented an accounting system to support the future state leasing process and have started to develop our future state process design as part of the overall system implementation. Upon adoption, we expect to recognize a lease liability, with an offsetting increase to right-of-use assets. Any difference between the lease liability and right-of-use asset recognized will be recorded as an adjustment to retained earnings. We do not expect the standard to materially affect our consolidated net income.

*Presentation of Net Periodic Pension and Postretirement Cost*

In March 2017, the FASB issued ASU 2017-07, which requires entities to present the service cost component of the net periodic benefit cost in the same income statement line item(s) as other employee compensation costs arising from services rendered during the period. In addition, only the service cost component will be eligible for capitalization in assets. Companies will present the other components (i.e., amortization of prior service cost/credits, interest cost, expected return on plan assets and actuarial gains/losses) separately from the line item(s) that includes the service cost and outside of any subtotal of operating income. We adopted ASU 2014-09 as of January 1, 2018 and for periods thereafter using the retrospective approach. The adoption of this standard did not have a material effect on our financial statements. See Note 12 for further information.

*Stock Compensation Scope of Modification Accounting*

In May 2017, the FASB issued ASU 2017-09, which clarifies when changes to the terms or conditions of a share-based payment award must be accounted for as modifications. The guidance provides a relief to entities that make non-substantive changes to their share-based payment awards and will result in fewer changes to the terms of an award being accounted for as modifications. We adopted the new standard beginning January 1, 2018. The adoption of this standard did not have a material effect on our financial statements.

*Clarifying the Definition of a Business*

In January 2017, the FASB issued ASU 2017-01, which changes the definition of a business to assist entities with evaluating when a set of transferred assets and activities is a business and therefore business combination guidance would apply. The new standard requires an entity to evaluate if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset (i.e., a business) or a group of similar identifiable assets (i.e., not a business). The guidance also requires a business to include at least one substantive process and narrows the definition of outputs (e.g., revenues with customers). We adopted the new standard beginning January 1, 2018. The adoption of this standard did not have a material effect on our financial statements.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

*Restricted Cash*

In November 2016, the FASB issued ASU 2016-18, according to which entities are no longer required to present transfers between cash and cash equivalents and restricted cash and restricted cash equivalents in the statement of cash flows. The prior standard did not address the classification of activity related to restricted cash and restricted cash equivalents in the statement of cash flows and this has resulted in diversity in cash flows presentation. We adopted the new standard beginning January 1, 2018. The adoption of this standard did not have a material effect on our financial statements.

*Intra-Entity Transfers of Assets Other Than Inventory*

In October 2016, the FASB issued ASU 2016-16, which requires companies to account for the income tax effects of intercompany sales and transfers of assets other than inventory (e.g., intangible assets) when the transfer occurs. Under the previous guidance companies were required to defer the income tax effects of intercompany transfers of assets until the asset has been sold to an outside party or otherwise recognized (e.g., depreciated, amortized or impaired). We adopted the new standard beginning January 1, 2018 using a “modified retrospective” approach (i.e., with a cumulative adjustment to retained earnings at adoption). The adoption of this standard did not have a material effect on our financial statements.

*Classification of Certain Cash Receipts and Cash Payments*

In September 2016, the FASB issued ASU 2016-15, which changes how an entity classifies certain cash receipts and cash payments on its statement of cash flows. The key changes that may potentially impact our financial statements include the following: 1) Cash payments for debt prepayment or extinguishment costs would be classified as financing cash outflows; 2) Contingent consideration payments that are not made within three months after the consummation of a business combination would be classified as financing (if the payment is made up to the acquisition date fair value of liability) or operating outflows (if in excess of acquisition fair value) and cash payments made “soon after” the consummation of a business combination generally would be classified as cash outflows from investing activities; 3) Insurance settlement proceeds would be classified based on the nature of the loss; and 4) Company-owned life insurance settlement proceeds would be presented as investing cash inflows, and premiums would be classified as investing or operating cash outflows, or a combination of both. We retrospectively adopted the new standard beginning January 1, 2018. The adoption of this standard did not have a material effect on our financial statements.

*Recognition and Measurement of Financial Assets and Financial Liabilities*

In January 2016, the FASB issued ASU 2016-01, which requires entities to measure investments in unconsolidated entities (other than those accounted for using the equity method of accounting) at fair value through the income statement. There will no longer be an available-for-sale classification (with changes in fair value reported in Other Comprehensive Income). In addition, the cost method is eliminated for equity investments without readily determinable fair values. We adopted the new standard beginning January 1, 2018. The adoption of this standard did not have a material effect on our financial statements.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

*Clarifying Asset Derecognition Guidance and Accounting for Partial Sales of Nonfinancial Assets*

In February 2017, the FASB issued ASU 2017-05, which clarifies the scope and application of various standards for the sale of nonfinancial assets (e.g. PP&E including real estate, intangible assets, materials and supplies). The standard distinguishes between a sale to a customer versus a non-customer. Sales to customers are within the scope of the new revenue standard. It also clarifies a derecognition model for nonfinancial assets that do not represent a business. We adopted the new standard beginning January 1, 2018 consistent with the effective date for the new revenue recognition standard. The adoption of this standard did not have a material effect on our financial statements.

*Improvements to Accounting for Hedging Activities*

In August 2017, the FASB issued ASU 2017-12 which amends the current hedge accounting model. The new standard eliminates the requirement to separately measure and report hedge ineffectiveness and generally requires the entire change in the fair value of a hedging instrument to be presented in the same income statement line as the hedged item (which is consistent with our current practice). The change in fair value for qualifying cash flow and net investment hedges will be included in other comprehensive income (until they are reclassified into the income statement). The standard also eases certain documentation and assessment requirements and modifies the accounting for components excluded from the assessment of hedge effectiveness. The standard is effective as of January 1, 2019 and earlier application is permitted. We do not expect the adoption of this standard to have a material effect on our financial statements.

*Financial Instruments—Credit Losses*

In June 2016, the FASB issued ASU 2016-13, which changes the impairment model for most financial assets and certain other instruments that are not measured at fair value through net income. The new guidance applies to most financial assets measured at amortized cost, including trade and other receivables and loans as well as off-balance-sheet credit exposures (e.g., loan commitments and standby letters of credit). The standard will replace the “incurred loss” approach under the current guidance with an “expected loss” model that requires an entity to estimate its lifetime “expected credit loss.” The standard is effective January 1, 2020 and early application is permitted beginning January 1, 2019. We are assessing the impact the adoption of this standard will have on our financial statements.

*Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income*

In February 2018, the FASB issued ASU 2018-02, “Income Statement—Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income.” This guidance permits companies to reclassify to retained earnings the tax effects stranded in accumulated other comprehensive income as a result of U.S. Tax Cuts and Jobs Act of 2017. This guidance is effective for the Company’s fiscal year beginning January 1, 2019, with early adoption permitted. We are assessing the impact the adoption of this standard will have on our financial statements.

*Improvements to Nonemployee Share-Based Payment Accounting*

In June 2018, the FASB issued ASU 2018-07 which simplifies the accounting for share-based arrangements with nonemployees. The new guidance generally aligns the accounting for share-based awards to nonemployees with the guidance for share-based awards to employees. The guidance is effective for the Company’s fiscal year beginning January 1, 2019, with early adoption permitted. We do not expect the adoption of this guidance to have a material effect on our financial statements.

*Codification Improvements*

In July 2018, the FASB issued ASU 2018-09 which includes technical corrections, clarifications, and other minor improvements to various areas including business combinations, fair value measurements and hedging. The transition and effective date guidance is based on the facts and circumstances of each amendment. Some of the amendments in this standard were effective immediately, while others will be effective for the Company's fiscal year beginning January 1, 2019. We do not expect the adoption of this guidance to have a material effect on our financial statements.

*Changes to the Disclosure Requirements for Fair Value Measurement*

In August 2018, the FASB issued ASU 2018-13 which removes the requirement to disclose: 1) amount of and reasons for transfers between Levels 1 and 2 of the fair value hierarchy, 2) policy for timing of transfers between levels, and 3) valuation processes for Level 3 investments. In addition, this guidance modifies and adds other disclosure requirements, which primarily relate to valuation of Level 3 assets and liabilities. The guidance is effective for the Company's fiscal year beginning January 1, 2020, with early adoption permitted. We do not expect the adoption of this guidance to have a material effect on our financial statements.

*Changes to the Disclosure Requirements for Defined Benefit Plans*

In August 2018, the FASB issued ASU 2018-14 which removes several disclosure requirements, including the amount in AOCI expected to be recognized in income over the next fiscal year and the effects of a 1% change in assumed health care cost trend rates and adds new disclosure requirements to explain reasons for significant gains and losses related to changes in the benefit obligation for the period, and to disclose weighted-average interest crediting rates for plans with promised interest crediting rates. The guidance is effective for the Company's fiscal year beginning January 1, 2020, with early adoption permitted. We do not expect the adoption of this guidance to have a material effect on our financial statements.

*Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That is a Service Contract*

In August 2018, the FASB issued ASU 2018-15 which aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software. Costs to obtain software, including configuration and integration with legacy IT systems, coding and testing, including parallel process phases are eligible for capitalization under the new standard. In addition, activities that would be expensed include costs related to vendor demonstrations, determining performance and technology requirements and training activities. The standard is effective for the Company's fiscal year beginning January 1, 2020, with early adoption permitted. We are assessing the impact the adoption of this standard will have on our financial statements.

**3. Balance Sheet Information**

Supplemental information on our balance sheets is as follows:

(In millions)	September 30, 2018	December 31, 2017
<b>Inventories:</b>		
Raw materials and supplies	\$ 273.1	\$ 224.9
Work in process	58.4	58.3
Finished products	352.8	297.6
Total inventories <sup>(a)</sup>	\$ 684.3	\$ 580.8

*(a) Includes \$56.0 million in inventory related to Fiberon acquisition.*

Property, plant and equipment, gross	\$ 1,873.5	\$ 1,780.4
Less: accumulated depreciation	1,097.2	1,040.4
Property, plant and equipment, net	\$ 776.3	\$ 740.0

**4. Acquisitions and Dispositions**

In September 2018, we acquired 100% of membership interests of Fiber Composites LLC (“Fiberon”), a leading U.S. manufacturer of outdoor performance materials used in decking, railing and fencing products for a total purchase price of \$470.0 million, subject to certain post-closing adjustments. The acquisition of Fiberon provides category expansion and product extension opportunities into the outdoor living space for our Doors & Security segment. Fiberon’s net sales and operating income in the three and nine months ended September 30, 2018 were not material to the Company. We have not included pro forma financial information as it is immaterial to our consolidated statements of comprehensive income. We financed the transaction using cash on hand and borrowings under our revolving credit and term loan facilities. The results of operations are included in the Doors & Security segment. We expect goodwill related to this acquisition to be deductible for income tax purposes.

The following table summarizes the preliminary allocation of the purchase price to the fair value of assets acquired and liabilities assumed as of the date of the acquisition.

(In millions)	
Accounts receivable	\$ 20.3
Inventories	56.0
Property, plant and equipment	28.6
Goodwill	146.8
Identifiable intangible assets	229.0
Other assets	8.8
Total assets	489.5
Accounts payable	16.2
Other liabilities and accruals	13.1
Net assets acquired <sup>(a)</sup>	\$460.2

*(a) Net assets excludes \$4.9 million of cash transferred to the Company as a result of the Fiberon acquisition.*

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The preceding purchase price allocation has been determined provisionally and is subject to revision as additional information about the fair value of individual assets and liabilities becomes available. The Company is in the process of finalizing valuations of certain tangible and intangible assets, including property, plant and equipment and identifiable intangible assets. The provisional measurement of property, plant and equipment, identifiable intangible assets, goodwill, and other assets and liabilities is subject to change. Any change in the acquisition date fair value of the acquired net assets will change the amount of the purchase price allocable to goodwill.

Goodwill includes expected sales and cost synergies. Identifiable intangible assets primarily consist of customer relationships and tradenames.

In October 2017, we acquired Victoria + Albert, a UK-based premium brand of standalone bathtubs, sinks, tub fillers, faucets and other accessories. In July 2017, we acquired Shaws, a UK-based luxury plumbing

products company that specializes in manufacturing and selling fireclay sinks and selling brassware and accessories. The total combined consideration paid was approximately \$132 million, including \$5.8 million of additional purchase price consideration paid related to post-closing adjustments during the nine months ended September 30, 2018. The combined consideration paid is subject to further certain post-closing adjustments and deferred acquisition payments. Net sales and operating income in the nine and three months ended September 30, 2018 from these acquisitions were not material to the Company. We financed the transactions using cash on hand and borrowings under our existing revolving and term loan credit facilities. The results of the operations are included in the Plumbing segment from the respective dates of acquisition. We do not expect any portion of goodwill to be deductible for income tax purposes.

In April 2017, we completed the sale of Field ID, our cloud-based inspection and safety compliance software product line formerly included in our Doors & Security segment.

**5. Goodwill and Identifiable Intangible Assets**

We had goodwill of \$2,063.3 million and \$1,912.0 million as of September 30, 2018 and December 31, 2017, respectively. The \$151.3 million increase is primarily due to the acquisition of Fiberon in the Doors & Security segment in the quarter as well as acquisition related adjustments in our Plumbing segment related to our Victoria + Albert acquisition, partially offset by foreign translation adjustments. The change in the net carrying amount of goodwill by segment was as follows:

(In millions)	Cabinets	Plumbing	Doors & Security	Total Goodwill
Goodwill at December 31, 2017 (a)	\$926.3	\$ 745.2	\$ 240.5	\$1,912.0
Year-to-date translation adjustments	(0.4)	(1.6)	(0.6)	(2.6)
Acquisition-related adjustments	—	7.1	146.8	153.9
Goodwill at September 30, 2018 (a)	\$925.9	\$ 750.7	\$386.7	\$2,063.3

(a) Net of accumulated impairment losses of \$399.5 million in the Doors & Security segment.

We also had net identifiable intangible assets, principally tradenames, of \$1,333.8 million and \$1,162.4 million as of September 30, 2018 and December 31, 2017, respectively. The \$196.4 million increase in gross identifiable intangible assets was primarily due to the acquisition of Fiberon in our Doors & Security segment partially offset by a tradename impairment charge of \$27.1 million in our Cabinets segment.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**5. Goodwill and Identifiable Intangible Assets (Continued)**

The gross carrying value and accumulated amortization by class of identifiable intangible assets as of September 30, 2018 and December 31, 2017 were as follows:

(In millions)	As of September 30, 2018			As of December 31, 2017		
	Gross Carrying Amounts	Accumulated Amortization	Net Book Value	Gross Carrying Amounts	Accumulated Amortization	Net Book Value
Indefinite-lived tradenames	\$ 724.0	\$ —	\$ 724.0	\$ 709.9	\$ —	\$ 709.9
Amortizable intangible assets						
Tradenames	15.7	(11.6)	4.1	15.7	(9.9)	5.8
Customer and contractual relationships	832.7	(253.4)	579.3	663.8	(232.0)	431.8
Patents/proprietary technology	73.6	(47.2)	26.4	60.2	(45.3)	14.9
Total	922.0	(312.2)	609.8	739.7	(287.2)	452.5
Total identifiable intangibles	\$1,646.0	\$ (312.2)	\$1,333.8	\$1,449.6	\$ (287.2)	\$1,162.4

Amortizable identifiable intangible assets are subject to amortization on a straight-line basis over their estimated useful life, ranging from 2 to 20 years, based on the assessment of a number of factors that may impact useful life. These factors include historical and tradename performance with respect to consumer name

recognition, geographic market presence, market share, plans for ongoing tradename support and promotion, customer attrition rates and other relevant factors.

As of December 31, 2017, the fair value of two tradenames in the Cabinets segment exceeded their carrying value by less than 10%. In the third quarter of 2018, we recorded a pre-tax indefinite-lived tradename impairment charge of \$27.1 million related to one of these tradenames. This charge was primarily the result of reduced revenue growth expectations associated with Cabinets operations in Canada, including the announced closure of Company-owned retail locations during the third quarter of 2018. The fair value of the impaired tradename was measured using the relief-from-royalty approach, which estimates the present value of royalty income that could be hypothetically earned by licensing the tradename to a third party over its remaining useful life. Some of the more significant assumptions inherent in estimating the fair value include estimated future annual net sales for the tradename, assumed royalty rate, income tax rate, and a discount rate that reflects the level of risk associated with the tradename's future sales and profitability. We selected the assumptions used in the financial forecasts using historical data, supplemented by current and anticipated market conditions, estimated growth rates, and management plans. These assumptions represent level 3 inputs of the fair value hierarchy (refer to Note 9). As of September 30, 2018, the carrying value of the tradename that was impaired was \$39.9 million.

A reduction in the estimated fair value of these two tradenames could trigger additional impairment in future periods. As of September 30, 2018, the total carrying value of these tradenames was \$189.9 million. Factors influencing our fair value estimates of the tradenames are described in the following paragraph.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The events and/or circumstances that could have a potential negative effect on the estimated fair value of our reporting units and indefinite-lived tradenames include: actual new construction and repair and remodel growth rates that lag our assumptions, actions of key customers, volatility of discount rates, continued economic uncertainty, higher levels of unemployment, weak consumer confidence, lower levels of discretionary consumer spending, a decrease in royalty rates and decline in the trading price of our common stock. We cannot predict the occurrence of certain events or changes in circumstances that might adversely affect the carrying value of goodwill and indefinite-lived intangible assets.

**6. Asset Impairment**

In January 2017, we committed to a plan to sell Field ID, our cloud-based inspection and safety compliance software product line included in our Doors & Security segment. In accordance with FASB Accounting Standards Codification (“ASC”) 360, as a result of our decision to sell, we recorded \$3.2 million of pre-tax impairment charges to write down the long-lived assets included in this disposal group to fair value during the first quarter of 2017, based upon their estimated fair value less cost to sell. These charges consisted of approximately \$3.0 million for definite-lived intangible assets and \$0.2 million for fixed assets. We completed the sale of Field ID in April 2017.

**7. External Debt and Financing Arrangements**

In September 2018, we issued \$600 million of unsecured senior notes (“2018 Senior Notes”) in a registered public offering. The 2018 Senior Notes are due in 2023 with a coupon rate of 4%. All other terms and conditions of the 2018 Senior Notes are substantially consistent with the 2015 Senior Notes. We used the proceeds from the 2018 Senior Notes offering to pay down our revolving credit facility. On September 30, 2018, the net carrying value of the 2018 Senior Notes, net of underwriting commissions, price discounts, and debt issuance costs, was \$594.7 million.

In June 2015, we issued \$900 million of unsecured senior notes (“2015 Senior Notes”, and collectively with the 2018 Senior Notes, the “Senior Notes”) in a registered public offering. The 2015 Senior Notes consist of two tranches: \$400 million of five-year notes due in 2020 with a coupon rate of 3% and \$500 million of ten-year notes due in 2025 with a coupon rate of 4%. We used the proceeds from the 2015 Senior Notes offering to pay down our revolving credit facility and for general corporate purposes. On September 30, 2018 and December 31, 2017, the net carrying value of the 2015 Senior Notes, net of underwriting commissions, price discounts, and debt issuance costs, was \$893.7 million and \$892.6 million, respectively.

In March 2018, the Company entered into a \$350 million term loan for general corporate purposes that matures in March 2019. In August 2018, the Company amended and increased its existing \$350 million term loan to \$525 million. All terms and conditions on the amended term loan remain the same as the previous \$350 million term loan. Interest rates under the term loan are variable based on LIBOR at the time of the borrowing and the Company’s long-term credit rating and can range from LIBOR + 0.625% to LIBOR + 1.25%. Covenants under the term loan are the same as the existing \$1.25 billion revolving credit agreement described below. As of September 30, 2018, we were in compliance with all covenants under this term loan.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

In June 2016, the Company amended and restated its credit agreement to combine and rollover the revolving credit facility and term loan into a new standalone \$1.25 billion revolving credit facility. The amendment and restatement was a non-cash transaction for the Company. Terms and conditions of the credit agreement, including the total commitment amount, essentially remained the same. The revolving credit facility will mature in June 2021 and borrowings thereunder will be used for general corporate purposes. On September 30, 2018 and December 31, 2017, our outstanding borrowings under this facility were \$500.0 million and \$615.0 million, respectively. At September 30, 2018 and December 31, 2017, the current portion of long-term debt under this facility was zero. Interest rates under the facility are variable based on LIBOR at the time of the borrowing and the Company's long-term credit rating and can range from LIBOR + 0.9% to LIBOR + 1.5%. As of September 30, 2018, we were in compliance with all covenants under this facility.

We currently have uncommitted bank lines of credit in China, which provide for unsecured borrowings for working capital of up to \$23.5 million in aggregate, of which there were no outstanding balances as of September 30, 2018 and December 31, 2017.

**8. Financial Instruments**

We do not enter into financial instruments for trading or speculative purposes. We principally use financial instruments to reduce the impact of changes in foreign currency exchange rates and commodities used as raw materials in our products. The principal derivative financial instruments we enter into on a routine basis are foreign exchange contracts. Derivative financial instruments are recorded at fair value. The counterparties to derivative contracts are major financial institutions. We are subject to credit risk on these contracts equal to the fair value of these instruments. Management currently believes that the risk of incurring material losses is unlikely and that the losses, if any, would be immaterial to the Company.

Raw materials used by the Company are subject to price volatility caused by weather, supply conditions, geopolitical and economic variables, and other unpredictable external factors. As a result, from time to time, we enter into commodity swaps to manage the price risk associated with forecasted purchases of materials used in our operations.

Our primary foreign currency hedge contracts pertain to the Canadian dollar, the British pound, and the Mexican peso. The gross U.S. dollar equivalent notional amount of all foreign currency derivative hedges outstanding at September 30, 2018 was \$351.1 million. Based on foreign exchange rates as of September 30, 2018, we estimate that \$1.6 million of net foreign currency derivative gains included in other accumulated comprehensive loss as of September 30, 2018 will be reclassified to earnings within the next twelve months.

**8. Financial Instruments (Continued)**

The fair values of derivative instruments on the consolidated balance sheets as of September 30, 2018 and December 31, 2017 were as follows:

(In millions)	Location	Fair Value	
		September 30, 2018	December 31, 2017
<b>Assets</b>			
Foreign exchange contracts	Other current assets	\$ 2.9	\$ 0.8

Foreign exchange contracts	Other current liabilities	\$ 1.0	\$ 5.6
Net investment hedges	Other current liabilities	0.1	0.8
	<b>Total current liabilities</b>	<b>\$ 1.1</b>	<b>\$ 6.4</b>

The effects of derivative financial instruments on the statements of comprehensive income for the nine and three months ended September 30, 2018 and 2017 were as follows:

(In millions)	Type of hedge	Location	Gain (Loss) Recognized in Income Nine Months Ended September 30,	
			2018	2017
Cash flow	Cost of products sold		\$ 0.5	\$ 0.9

	<b>Total</b>		<b>\$ 2.3</b>	<b>\$ (0.5)</b>

(In millions)	Type of hedge	Location	Gain (Loss) Recognized in Income Three Months Ended September 30,	
			2018	2017
Cash flow	Cost of products sold		\$ 0.5	\$ (0.1)
Fair value	Other expense (income), net		0.4	(0.9)
	<b>Total</b>		<b>\$ 0.9</b>	<b>\$ (1.0)</b>

The effective portion of cash flow hedges recognized in other comprehensive income were net gains (losses) of \$7.1 million and \$(0.1) million in the nine months ended September 30, 2018 and 2017, respectively. The effective portion of cash flow hedges recognized in other comprehensive income were net gains (losses) of \$3.0 million and \$(3.8) million in the three months ended September 30, 2018 and 2017, respectively. In the nine and three months ended September 30, 2018 and 2017, the ineffective portion of cash flow hedges recognized in other income, net, was \$3.8 million in 2018 and insignificant in 2017.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**9. Fair Value Measurements**

ASC requirements for Fair Value Measurements and Disclosures establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs, the highest priority, are quoted prices in active markets for identical assets or liabilities. Level 2 inputs reflect inputs other than quoted prices included in level 1 that are either observable directly or through corroboration with observable market data. Level 3 inputs are unobservable inputs, due to little or no market activity for the asset or liability, such as internally-developed valuation models. We do not have any assets or liabilities measured at fair value on a recurring basis that are level 3.

The carrying value, net of underwriting commissions, price discounts, and debt issuance costs and fair value of debt as of September 30, 2018 and December 31, 2017 were as follows:

(In millions)	September 30, 2018		December 31, 2017	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Revolving credit facility	\$ 500.0	\$ 500.0	\$ 615.0	\$ 615.0
Term Loan	525.0	525.0	—	—
Senior Notes	1,488.4	1,490.8	892.6	926.3

The estimated fair value of our term loan and revolving credit facility is determined primarily using broker quotes, which are level 2 inputs. The estimated fair value of our Senior Notes is determined by using quoted market prices of our debt securities, which are level 1 inputs.

Assets and liabilities measured at fair value on a recurring basis as of September 30, 2018 and December 31, 2017 were as follows:

(In millions)	Fair Value	
	September 30, 2018	December 31, 2017

**10. Accumulated Other Comprehensive Loss**

Total accumulated other comprehensive (loss) income consists of net income and other changes in business equity from transactions and other events from sources other than shareholders. It includes currency translation gains and losses, unrealized gains and losses from derivative instruments designated as cash flow hedges, and defined benefit plan adjustments. The after-tax components of and changes in accumulated other comprehensive loss were as follows:

**11. Revenue**

Our principal performance obligations are the sale of kitchen and bath cabinets, faucets and accessories, fiberglass and steel entry-door systems and locks, safes, safety and security devices (collectively, “goods” or “products”). We recognize revenue for the sale of goods based on our assessment of when control transfers to our customers. For the majority of our sales, we recognize revenue at the point in time when we ship product from our facilities to our customers. Revenue is measured as the amount of consideration we expect to receive in exchange for transferring goods to our customers. Payment terms on our product sales normally range from 30 to 90 days. Taxes assessed by a governmental authority that we collect are excluded from revenue. The expected costs associated with our contractual warranties will continue to be recognized as expense when the products are sold. See Note 14, “Product Warranties,” for further discussion.

We record estimates to reduce revenue for customer programs and incentives, which are considered variable consideration, and include price discounts, volume-based incentives, promotions and cooperative advertising when revenue is recognized in order to determine the amount of consideration the Company will ultimately be entitled to receive. These estimates are based on historical and projected experience for each type of customer. In addition, for certain customer program incentives, we receive an identifiable benefit (goods or services) in exchange for the consideration given and record the associated expenditure in selling, general and administrative expenses.

We account for shipping and handling costs that occur after the customer has obtained control of a product as a fulfillment activity (i.e., as an expense) rather than as a promised service (i.e., as a revenue element). These costs are classified within selling, general and administrative expenses.

Settlement of our outstanding accounts receivable balances is normally within 30 to 90 days of the original sale transaction date. Obligations arise for us from customer rights to return our goods for any reason, including among others, product obsolescence, stock rotations, trade-in agreements for newer products and upon termination of a customer contract. We estimate future product returns at the time of sale based on historical experience and record a corresponding refund obligation, which amounted to \$12.7 million as of September 30, 2018. Refund obligations are classified within other current liabilities in our consolidated balance sheet. Return assets related to the refund obligation are measured at the carrying amount of the goods at the time of sale, less any expected costs to recover the goods and any expected reduction in value. Return assets are classified within other current assets and were approximately \$2.2 million as of September 30, 2018.

The Company disaggregates revenue from contracts with customers into (i) major sales distribution channels in the U.S. and (ii) total sales to customers outside the U.S. market as these categories depict the nature, amount, timing and uncertainty of revenues and cash flows that are affected by economic factors. The following table disaggregates our consolidated revenue by major sales distribution channels for the nine and three months ended September 30, 2018.

**Practical Expedients**

Incremental costs of obtaining a contract include only those costs the Company incurs that would not have been incurred if the contract had not been obtained. These costs are required to be recognized as assets and amortized over the period that the related goods or services transfer to the customer. As a practical expedient, we expense as incurred costs to obtain a contract when the expected amortization period is one year or less. These costs are recorded within selling, general and administrative expenses.

Service cost for 2018 relates to benefit accruals in an hourly Union defined benefit plan in our Doors & Security segment. All other defined benefit pension plans were frozen as of December 31, 2016.

In March 2017, the FASB issued ASU 2017-07, which requires entities to present the defined benefit plan non-service related costs outside the operating income subtotal. The new guidance was applied retrospectively in the condensed consolidated statement of comprehensive income. As a result, we reclassified \$9.4 million of income from the operating income subtotal to the other income, net subtotal in the nine months ended September 30, 2017 and \$2.3 in the three months ended September 30, 2017. The retrospective impact of adopting ASU 2017-07 on the nine and three months ended September 30, 2017 was as follows:

**13. Income Taxes**

The effective income tax rates for the nine months ended September 30, 2018 and 2017 were 27.4% and 29.5%, respectively. The effective income tax rate in 2018 was favorably impacted by the corporate tax rate reduction from 35% to 21% under the Tax Cuts and Jobs Act of 2017 (the "Tax Act"), a current period update related to deferred taxes adjusted in 2017 under the Tax Act, and a benefit associated with the U.S. research and development credit. The effective income tax rate in 2018 was unfavorably impacted by an adjustment to the deemed repatriation tax liability recorded in 2017 under the Tax Act, the repeal of the Domestic Production Activity (Internal Revenue Code Section 199) Deduction, state, local and foreign taxes, and increases to uncertain tax positions.

The effective income tax rate in 2017 was favorably impacted by a tax benefit attributable to the share-based compensation deduction, a valuation allowance release related to state deferred tax assets, a tax benefit attributable to the Domestic Production Activity (Internal Revenue Code Section 199) Deduction, favorable tax rates in foreign jurisdictions, and a benefit associated with the U.S. research and development credit, offset by state and local taxes and increases to uncertain tax positions.

The effective income tax rates for the three months ended September 30, 2018 and 2017 were 27.5% and 31.6 %, respectively. On December 22, 2017, Staff Accounting Bulletin No. 118 ("SAB 118") was issued which deals with the application of U.S. GAAP to situations where a registrant does not have the necessary information available, prepared or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the Tax Act. In accordance with SAB 118, we calculated our best estimate of the impact of the Tax Act on our 2017 effective income tax rate. Due to additional guidance received through the first three quarters of 2018 and additional analysis performed, an unfavorable adjustment of \$2.3 million, impacting the nine months ended September 30, 2018 was recorded to income tax expense as of September 30, 2018. As of September 30, 2018, we have not completed our accounting for all of the tax effects of the Tax Act as we anticipate additional guidance to be released by the IRS and Treasury within the SAB 118 measurement period, which will impact our original estimates.

It is reasonably possible that, within the next 12 months, total unrecognized tax benefits may decrease in the range of \$11.0 million to \$14.0 million, primarily as a result of the conclusion of pending U.S. federal, state and foreign income tax proceedings.

**14. Product Warranties**

We generally record warranty expense related to contractual warranty terms at the time of sale. We may also provide customer concessions for claims made outside of the contractual warranty terms and those expenses are recorded in the period in which the concession is made. We offer our customers various warranty terms based on the type of product that is sold. Warranty expense is determined based on historic claim experience and the nature of the product category. The following table summarizes activity related to our product warranty liability for the nine months ended September 30, 2018 and 2017.

**18. Contingencies**

**Litigation**

We are defendants in lawsuits associated with the normal conduct of our businesses and operations. It is not possible to predict the outcome of the pending actions, and, as with any litigation, it is possible that these actions could be decided unfavorably to the Company. The Company believes that there are meritorious defenses to these actions and that these actions will not have a material adverse effect upon our results of operations, cash flows or financial condition, and where appropriate, these actions are being vigorously contested.

**Environmental**

Compliance with federal, state and local laws regulating the discharge of materials into the environment, or otherwise relating to the protection of the environment, did not have a material effect on capital expenditures, earnings or the competitive position of Fortune Brands during the three and nine months ended September 30, 2018 and 2017. We are involved in remediation activities to clean up hazardous wastes as required by federal and state laws. Liabilities for remediation costs of each site are based on our best estimate of undiscounted future costs. We believe, compliance with current environmental protection laws (before taking into account estimated recoveries from third parties) will not have a material adverse effect upon our results of operations, cash flows or financial condition. Uncertainties about the status of laws, regulations, technology and information related to individual sites make it difficult to develop estimates of environmental remediation exposures.

**FORTUNE BRANDS HOME & SECURITY, INC.**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS OF**  
**FINANCIAL CONDITION AND RESULTS OF OPERATIONS.**

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our unaudited condensed consolidated financial statements and the notes thereto, which are included in this report, as well as our audited consolidated financial statements for the year ended December 31, 2017, which are included in our Annual Report on Form 10-K for the year ended December 31, 2017.

This discussion contains forward-looking statements that are made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), regarding planned business strategies, anticipated market potential, future financial performance, pension contributions, the anticipated effects of the combination of our Doors & Security segments and other matters. Statements preceded by, followed by or that otherwise include the words "believes," "expects," "anticipates," "intends," "projects," "estimates," "plans" and similar expressions or future or conditional verbs such as "will," "should," "would," "may" and "could" are generally forward-looking in nature and not historical facts. Where, in any forward-looking statement, we express an expectation or belief as to future results or events, such expectation or belief is based on current expectations, estimates, assumptions and projections about our industry, business and future financial results, available at the time this report is filed with the Securities and Exchange Commission. Our actual results could differ materially from the results contemplated by these forward-looking statements due to a number of factors, including but not limited to: (i) our reliance on the North American home improvement, repair and new home construction activity levels, (ii) the North American and global economies, (iii) risk associated with entering into potential strategic acquisitions and integrating acquired businesses, (iv) our ability to remain competitive, innovative and protect our intellectual property, (v) our reliance on key customers and suppliers, (vi) the cost and availability associated with our supply chains and the availability of raw materials, (vii) risk of increases in our defined benefit-related costs and funding requirements, (viii) compliance with tax, environmental and federal, state and international laws and industry regulatory standards and (ix) the risk of doing business internationally. These and other factors are discussed in Part I, Item 1A "Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2017. We undertake no obligation to, and expressly disclaim any such obligation to, update, amend or clarify any forward-looking statements to reflect changed assumptions, the occurrence of anticipated or unanticipated events, new information or circumstances or changes to future results over time or otherwise, except as required by law.

## **OVERVIEW**

References to "Fortune Brands," "the Company," "we," "our" and "us" refer to Fortune Brands Home & Security, Inc. and its consolidated subsidiaries as a whole, unless the context otherwise requires. The Company is a leading home and security products company with a portfolio of leading branded products used for residential home repair, remodeling, new construction and security applications.

We believe the Company has certain competitive advantages including market-leading brands, a diversified mix of channels, lean and flexible supply chains, a decentralized business model and a strong capital structure as well as a tradition of strong innovation and customer service. We are focused on outperforming our markets in growth, profitability and returns in order to drive increased shareholder value. We believe the Company's track record reflects the long-term attractiveness and potential of our categories and our leading brands. As consumer demand and the housing market grow, we expect the benefits of operating leverage and strategic spending to support increased manufacturing capacity and long-term growth initiatives will help us continue to achieve profitable organic growth.

## **OVERVIEW (Continued)**

We believe our most attractive opportunities are to invest in profitable organic growth initiatives. We also believe that as the market grows, we have the potential to generate additional growth from leveraging our cash flow and balance sheet strength by pursuing accretive strategic acquisitions and joint ventures, and by returning cash to shareholders through a combination of dividends and common stock repurchases under our share repurchase programs as explained in further detail under “Liquidity and Capital Resources” below.

The U.S. market for our home products consists of spending on both new home construction and repair and remodel activities within existing homes, with the substantial majority of the markets we serve consisting of repair and remodel spending. We believe that the U.S. market for our home products is in the midst of an elongated recovery from the U.S. economic recession that ended in mid-2009 and that a continued recovery will largely depend on consumer confidence, employment, home prices, stable mortgage rates and credit availability. Over the long term, we believe that the U.S. home products market will benefit from favorable population and immigration trends, which will drive demand for new housing units, and from aging existing housing stock that will continue to need to be repaired and remodeled.

We may be impacted by fluctuations in raw material, tariffs and transportation costs, changes in foreign exchange and promotional activity among our competitors. We strive to offset the potential unfavorable impact of these items with productivity improvement initiatives and price increases.

In September 2018, we acquired 100% of membership interests of Fiber Composites LLC (“Fiberon”), a leading U.S. manufacturer of outdoor performance materials used in decking, railing and fencing products for a total purchase price of approximately \$470.0 million, subject to certain post-closing adjustments. The acquisition of Fiberon provides category expansion and product extension opportunities into the outdoor living space for our Doors & Security segment. Fiberon’s net sales and operating income in the three months ended September 30, 2018 were not material to the Company. We financed the transaction using cash on hand and borrowings under our revolving credit and term loan facilities. Fiberon’s results of operations are included in the Doors & Security segment. We expect goodwill related to this acquisition to be deductible for income tax purposes.

In July 2018, we publicly announced an internal reorganization to combine our Doors & Security segments under common leadership to drive innovation, accelerate product development, and enhance investments and business processes. In conjunction with the reorganization, we changed how our chief operating decision maker evaluates and allocates the resources for the combined business. Reporting for the new Doors & Security segment began in the third quarter of 2018 and historical financial segment information has been restated to conform to the new segment presentation.

In October 2017, we acquired Victoria + Albert, a UK-based premium brand of standalone bathtubs, sinks, tub fillers, faucets and other accessories. In July 2017, we acquired Shaws Since 1897 Limited (“Shaws”), a UK-based luxury plumbing products company that specializes in manufacturing and selling fireclay sinks and selling brassware and accessories. The total combined consideration paid was approximately \$132 million, subject to certain post-closing adjustments and deferred acquisition payments. We financed both of the acquisitions using cash on hand and borrowings under our revolving credit facility. These transactions broadened our plumbing portfolio and enhanced future growth opportunities.

(a) We revised our previously reported results for the nine months ended September 30, 2017 for ASU 2017-07, Presentation of Net Periodic Pension and Postretirement Costs.

The following discussion of consolidated results of operations and segment results refers to the nine months ended September 30, 2018 compared to the nine months ended September 30, 2017. Consolidated results of operations should be read in conjunction with segment results of operations.

#### Net sales

Net sales increased \$163.6 million, or 4.2%. The increase was due to higher sales volume primarily from the growth in the U.S. market conditions for home products, the benefit from new product introductions, price increases to help mitigate cumulative raw material cost increases, higher international sales, principally in China and Canada and, our acquisitions during 2017 and 2018 in our Plumbing and Doors & Security segments as well as favorable foreign exchange of approximately \$16 million. These benefits were partially offset by unfavorable mix as well as the impact on volume from unfavorable weather-related conditions affecting our U.S. market performance and higher rebates.

#### Cost of products sold

Cost of products sold increased \$138.7 million, or 5.6%, due to the higher net sales, higher restructuring and other charges related to costs associated with our initiatives to consolidate and rationalize our manufacturing footprint and discontinue certain product lines in our Cabinets segment, increased commodity costs and higher amortization of the acquisition-related inventory fair value adjustment in our Plumbing and Doors & Security segment. These factors were partially offset by the benefit of productivity improvements.

#### Selling, general and administrative expenses

Selling, general and administrative expenses increased \$52.5 million, or 6.0%, due to higher employee-related costs, the impact from our acquisitions during 2017 and 2018 in our Plumbing and Doors & Security segments and higher advertising and marketing costs.

## **RESULTS OF OPERATIONS (Continued)**

### *Loss on sale of product line*

In April 2017, we completed the sale of Field ID, our cloud-based inspection and safety compliance software product line included in our Doors & Security segment. We recorded a pre-tax loss of \$2.4 million during the second quarter of 2017.

### *Amortization of intangible assets*

Amortization of intangible assets increased \$1.7 million due to our acquisitions during 2017 and 2018 in our Plumbing and Doors & Security segments offset by a decrease related to a definite-lived customer relationship intangible that was fully amortized during the second quarter of 2017.

### *Asset impairment charges*

Asset impairment charge of \$27.1 million for the nine months ended September 30, 2018 related to impairment of an indefinite-lived tradename within our Cabinets segment which was primarily the result of reduced revenue growth expectations associated with operations in Canada, including the announced closure of Company-owned retail locations during the third quarter of 2018. Asset impairment charges of \$3.2 million during the nine months ended September 30, 2017 related to our decision to sell Field ID.

### *Restructuring charges*

Restructuring charges of \$17.3 million in the nine months ended September 30, 2018 primarily related to costs associated with our initiatives to consolidate our manufacturing footprint and product lines in our Cabinets segment and severance costs within all of our segments. Restructuring charges of \$3.5 million in the nine months ended September 30, 2017 primarily related to severance costs within our Doors & Security and Plumbing segments.

### *Operating income*

Operating income decreased \$64.6 million, or 12.4%, primarily due to unfavorable mix, higher employee-related costs, higher asset impairment charges of \$23.9 million and higher restructuring and other charges. These factors were partially offset by higher net sales and productivity improvements.

### *Interest expense*

Interest expense increased \$14.6 million to \$51.0 million due to higher average borrowings to finance share repurchases and acquisitions and higher average interest rates.

### *Other income, net*

Other income, net, was \$15.8 million in the nine months ended September 30, 2018, compared to income of \$9.2 million in the nine months ended September 30, 2017. The increase in other income, net, is primarily due to hedge gains associated with our September 2018 debt issuance and favorable foreign currency adjustments. These benefits were partially offset by lower defined benefit plan income in 2018 (\$1.9 million decrease).

## **RESULTS OF OPERATIONS (Continued)**

### *Income taxes*

The effective income tax rates for the nine months ended September 30, 2018 and 2017 were 27.4% and 29.5%, respectively. The effective income tax rate in 2018 was favorably impacted by the corporate tax rate reduction from 35% to 21% under the Tax Cuts and Jobs Act of 2017 (the "Tax Act"), a current period update related to deferred taxes adjusted in 2017 under the Tax Act, and a benefit associated with the U.S. research and development credit. The effective income tax rate in 2018 was unfavorably impacted by an adjustment to the deemed repatriation tax liability recorded in 2017 under the Tax Act, the repeal of the Domestic Production Activity (Internal Revenue Code Section 199) Deduction, state, local and foreign taxes, and increases to uncertain tax positions.

The effective income tax rate in 2017 was favorably impacted by a tax benefit attributable to the share-based compensation deduction, a valuation allowance release related to state deferred tax assets, a tax benefit attributable to the Domestic Production Activity (Internal Revenue Code Section 199) Deduction, favorable tax rates in foreign jurisdictions, and a benefit associated with the U.S. research and development credit, offset by state and local taxes and increases to uncertain tax positions.

### *Net income from continuing operations*

Net income from continuing operations was \$304.7 million in the nine months ended September 30, 2018 compared to \$347.3 million in the nine months ended September 30, 2017. The decrease of \$42.6 million was primarily due to lower operating income and higher interest expense partially offset by lower income tax and higher other income, net.

### *Loss from discontinued operations*

The loss from discontinued operations was \$0.2 and \$2.6 million in the nine months ended September 30, 2018 and 2017, respectively. The loss on discontinued operations in the nine months ended September 30, 2018 and 2017 is primarily related to the prior sale of the Waterloo tool storage and Simonton window businesses.

## **Results By Segment**

### **Cabinets**

Net sales decreased \$47.4 million, or 2.6%, predominantly due to unfavorable mix, the impact of exiting a customer relationship and higher rebates. These factors were partially offset by the benefit from new product introductions and price increases to help mitigate cumulative raw material cost increases.

Operating income decreased \$83.2 million, or 40.5%, due to lower net sales, including the impact of underutilization of our fixed cost base, unfavorable mix, a tradename impairment charge of \$27.1 million, and higher restructuring and other charges of \$20.7 million incurred to consolidate our manufacturing footprint and discontinue certain product lines partially offset by the benefit from productivity improvements.

## **RESULTS OF OPERATIONS (Continued)**

### **Plumbing**

Net sales increased \$143.4 million, or 11.5% due to higher sales unit volume in the U.S., China and Canada, new product introductions across our distribution channels, the benefit from the 2017 acquisitions of Victoria + Albert and Shaws and price increases to help mitigate cumulative raw material cost increases. Foreign exchange was favorable by approximately \$10 million. These benefits were partially offset by approximately \$18 million of lower shipments due to unfavorable weather conditions affecting our U.S. market performance during the third quarter of 2018 and higher sales rebates.

Operating income increased \$7.4 million, or 2.8%, due to the higher net sales and benefit from productivity improvements. These benefits were partially offset by commodity cost inflation, reduced shipments due to unfavorable weather conditions affecting our U.S. market performance, higher employee-related costs, amortization of the acquisition-related inventory fair value adjustment related to our acquisitions and increased advertising and marketing costs. In addition, 2017 operating income reflects the impact of adopting ASU 2017-07 during the first nine months of 2018 and the reclassification of approximately \$5.1 million from Plumbing operating income to other income, net.

### **Doors & Security**

Net sales increased \$67.6 million, or 8.4%, due to higher sales volume, including the benefit from new product introductions, price increases to help mitigate cumulative raw material cost increases, benefit from the acquisition of Fiberon in 2018 and the impact of favorable foreign exchange which were partly offset by unfavorable mix and manufacturing inefficiencies associated with new security products.

Operating income increased \$9.5 million, or 8.5%, due to higher net sales and the absence in 2018 of charges related to the sale of Field ID. These benefits were partly offset by higher fuel and employee-related costs and manufacturing inefficiencies associated with new security products.

### **Corporate**

Corporate expenses decreased by \$1.7 million due to lower employee-related costs. In addition, 2017 corporate expense reflects the impact of adopting ASU 2017-07 during the first quarter of 2018 and the related reclassification of approximately \$4.3 million from Corporate expenses to other income, net.

**RESULTS OF OPERATIONS (Continued)****Three Months Ended September 30, 2018 Compared To Three Months Ended September 30, 2017**

(In millions)	Net Sales		
	2018	2017	% Change vs. Prior Year
Cabinets	\$ 599.0	\$ 614.2	(2.5)%
Plumbing	461.5	438.3	5.3
Doors & Security	320.3	296.1	8.2
Net sales	\$1,380.8	\$1,348.6	2.4%

  

	Operating Income

Less: Corporate expenses (a)	(19.2)	(20.3)	5.4
Operating income	\$ 147.1	\$ 199.5	(26.3)%

(a) We revised our previously reported results for the nine months ended September 30, 2017 for ASU 2017-07, *Presentation of Net Periodic Pension and Postretirement Costs*.

The following discussion of consolidated results of operations and segment results refers to the three months ended September 30, 2018 compared to the three months ended September 30, 2017. Consolidated results of operations should be read in conjunction with segment results of operations.

*Net sales*

Net sales increased \$32.2 million, or 2.4%. The increase was primarily due to price increases to help mitigate cumulative raw material cost increases, higher sales volume primarily from the growth in U.S. market conditions for home products and, our acquisitions during 2017 and 2018 in our Plumbing and Doors & Security segments, higher international sales in China, and the benefit from new product introductions. These benefits were partially offset by unfavorable mix as well as the impact on volume from unfavorable weather-related conditions affecting our U.S. market performance and unfavorable foreign exchange of approximately \$6 million.

*Cost of products sold*

Cost of products sold increased \$43.6 million, or 5.2%, due to higher net sales, increased commodity costs, higher restructuring and other charges related to costs associated with our initiatives to consolidate and rationalize our manufacturing footprint and discontinue certain product lines in our Cabinets segment, underutilization of our fixed cost base, and higher amortization of the acquisition-related inventory fair value adjustment in our Plumbing and Doors & Security segment. These factors were partially offset by the benefit of productivity improvements.

*Selling, general and administrative expenses*

Selling, general and administrative expenses increased \$7.2 million, or 2.4%, due to higher employee-related costs and the impact from our acquisitions during 2017 and 2018 in our Plumbing and Doors & Security segments.

## **RESULTS OF OPERATIONS (Continued)**

### *Amortization of intangible assets*

Amortization of intangible assets increased \$1.4 million due to our acquisitions during 2017 and 2018 in our Plumbing and Doors & Security segments.

### *Asset impairment charges*

Asset impairment charge of \$27.1 million related to impairment of an indefinite-lived tradename within our Cabinets segment which was primarily the result of reduced revenue growth expectations associated with operations in Canada, including the announced closure of Company-owned retail locations during the third quarter of 2018.

### *Restructuring charges*

Restructuring charges in the three months ended September 30, 2018 and 2017 were \$5.7 million and \$0.4 million, respectively. Restructuring charges in 2018 primarily related to costs associated with our initiatives to consolidate our manufacturing footprint in our Cabinets segment, and to severance costs within all of our segments. Restructuring charges in 2017 relate to severance costs within our Doors & Security segment.

### *Operating income*

Operating income decreased \$52.4 million, or 26.3%, primarily due to a tradename impairment charge of \$27.1 million, underutilization of our fixed cost base, unfavorable mix, increased restructuring and other charges, higher employee-related costs and higher fuel cost inflation. These benefits were partially offset by higher net sales and productivity improvements.

### *Interest expense*

Interest expense increased \$6.7 million to \$19.0 million due to higher average borrowings to finance the Fiberon acquisition and higher average interest rates.

### *Other income, net*

Other income, net, was \$9.6 million in the three months ended September 30, 2018, compared to income of \$2.2 million in the three months ended September 30, 2017. The increase in other income, net, is primarily due to hedge gains associated with our September 2018 debt issuance and favorable foreign currency adjustments.

### *Income taxes*

The effective income tax rates for the three months ended September 30, 2018 and 2017 were 27.5% and 31.6 %, respectively. The effective income tax rate for the three months ended September 30, 2018 was favorably impacted by the corporate tax rate reduction from 35% to 21% under the Tax Cuts and Jobs Act of 2017 (the "Tax Act"), a current period update related to deferred taxes adjusted in 2017 under the Tax Act, and a benefit associated with the U.S. research and development credit. The effective income tax rate for the three months ended September 30, 2018 was unfavorably impacted by the repeal of the Domestic Production Activity (Internal Revenue Code Section 199) Deduction, state, local and foreign taxes, and increases to uncertain tax positions.

The effective income tax rate for the three months ended September 30, 2017 was favorably impacted by a tax benefit attributable to the share-based compensation deduction, a valuation allowance release related to state deferred tax assets, a tax benefit attributable to the Domestic Production Activity (Internal Revenue Code Section 199) Deduction, favorable tax rates in foreign jurisdictions, and a benefit associated with the U.S. research and development credit, offset by state and local taxes and increases to uncertain tax positions.

## **RESULTS OF OPERATIONS (Continued)**

### *Net income from continuing operations*

Net income from continuing operations was \$99.9 million in the three months ended September 30, 2018 compared to \$129.6 million in the three months ended September 30, 2017. The decrease of \$29.7 million was primarily due to lower operating income, and higher interest expense partially offset by lower income tax and higher other income, net.

## **Results By Segment**

### **Cabinets**

Net sales decreased \$15.2 million, or 2.5%, predominantly due to the impact of exiting a customer relationship, unfavorable mix, lower shipments due to unfavorable weather conditions affecting our U.S. market performance and higher rebates. These factors were partly offset by price increases to help mitigate cumulative raw material cost increases.

Operating income decreased \$41.0 million, or 58.8%, due to a tradename impairment charge of \$27.1 million, lower net sales, including the impact of underutilization of our fixed cost base, unfavorable mix, reduced shipments driven by unfavorable weather conditions affecting our U.S. market performance, and higher restructuring and other charges of \$8.8 million incurred to consolidate our manufacturing footprint and discontinue certain product lines partially offset by the benefit from productivity improvements.

### **Plumbing**

Net sales increased \$23.2 million, or 5.3% due to higher sales unit volume including higher sales in international markets, principally in China and Canada, new product introductions across our distribution channels, the benefit from the 2017 acquisitions of Victoria + Albert and Shaws and price increases to help mitigate cumulative raw material cost increases. These benefits were partially offset by approximately \$18 million of lower shipments due to unfavorable weather conditions affecting our U.S. market performance and unfavorable foreign exchange of approximately \$4 million.

Operating income decreased \$7.9 million, or 8.1%, due to reduced shipments driven by unfavorable weather conditions affecting our U.S. market performance, commodity and fuel cost inflation, higher employee-related costs, advertising costs, and higher amortization of the acquisition-related inventory fair value adjustment (\$1.6 million) related to our 2017 acquisitions. These factors were partially offset by higher net sales and productivity improvements.

### **Doors & Security**

Net sales increased \$24.2 million, or 8.2%, due to higher sales unit volume, including the benefit from new product introductions, the benefit from the acquisition of Fiberon in 2018, price increases to help mitigate cumulative raw material cost increases partially offset by unfavorable mix and manufacturing inefficiencies associated with new security products.

Operating income decreased \$4.6 million, or 8.7%, due to unfavorable mix, higher fuel costs, higher restructuring and other charges (\$1.8 million) and manufacturing inefficiencies associated with new security products.

---

**RESULTS OF OPERATIONS (Continued)****Corporate**

Corporate expenses decreased by \$1.1 million due to employee-related costs. In addition, 2017 Corporate expense reflects the impact of adopting ASU 2017-07 during the first quarter of 2018 and the related reclassification of approximately \$2.3 million from Corporate expenses to other income, net.

## LIQUIDITY AND CAPITAL RESOURCES

Our primary liquidity needs are to support working capital requirements, fund capital expenditures and service indebtedness, as well as to finance acquisitions, repurchase shares of our common stock and pay dividends to stockholders, as deemed appropriate. Our principal sources of liquidity are cash on hand, cash flows from operating activities and availability under our credit facility. Our operating income is generated by our subsidiaries. There are no restrictions on the ability of our subsidiaries to pay dividends or make other distributions to Fortune Brands. In December 2017, our Board of Directors increased the quarterly cash dividend by 11% to \$0.20 per share of our outstanding common stock. Our Board of Directors will continue to evaluate dividend payment opportunities on a quarterly basis. There can be no assurance as to when and if future dividends will be paid, and at what level, because the payment of dividends is dependent on our financial condition, results of operations, cash flows, capital requirements and other factors deemed relevant by our Board of Directors.

In September 2018, we issued \$600 million of unsecured senior notes (“2018 Senior Notes”) in a registered public offering. The 2018 Senior Notes are due in 2023 with a coupon rate of 4%. We used the proceeds from the Senior Notes offering to pay down our revolving credit facility.

On April 30, 2018, our Board of Directors authorized the repurchase of up to \$150 million of shares of our common stock over the two years ending April 30, 2020. On July 13, 2018, our Board of Directors authorized the repurchase of up to \$400 million of shares of our common stock over the two years ending July 13, 2020. During the nine months ended on September 30, 2018, we repurchased 10.0 million shares of our common stock under the Company’s share repurchase programs for \$602.7 million. As of September 30, 2018, the Company’s total remaining share repurchase authorization under the repurchase programs was approximately \$505.7 million. The share repurchase programs do not obligate the Company to repurchase any specific dollar amount or number of shares and may be suspended or discontinued at any time.

In March 2018, the Company entered into a \$350 million term loan for general corporate purposes that matures in March 2019. In August 2018, the Company amended and increased its existing \$350 million term loan to \$525 million. All terms and conditions on the amended term loan remain the same as the previous \$350 million term loan. The amended term loan is for general corporate purposes and matures in March 2019. As of September 30, 2018, we were in compliance with all covenants under this term loan. Interest rates under the term loan are variable based on LIBOR at the time of the borrowing and the Company’s long-term credit rating and can range from LIBOR + 0.625% to LIBOR + 1.25%. Covenants under the term loan are the same as the existing \$1.25 billion revolving credit agreement. As of September 30, 2018, we were in compliance with all covenants under this term loan.

We periodically review our portfolio of brands and evaluate potential strategic transactions and other capital initiatives to increase shareholder value. However, we cannot predict whether or when we may enter into acquisitions, joint ventures or dispositions, make any purchases of shares of our common stock under our share repurchase programs, or pay dividends, or what impact any such transactions could have on our results of operations, cash flows or financial condition, whether as a result of the issuance of debt or equity securities, or otherwise. Our cash flows from operations, borrowing availability and overall liquidity are subject to certain risks and uncertainties, including those described in the section of our Annual Report on Form 10-K for the year-ended December 31, 2017 entitled “Item 1A. Risk Factors.”

Acquisitions in 2018 and 2017 included:

- In September 2018, we acquired 100% of membership interests of Fiberon, a leading U.S. manufacturer of outdoor performance materials used in decking, railing and fencing products for a total purchase price of approximately \$470.0 million, subject to certain post-closing adjustments. The acquisition of Fiberon provides category expansion and product extension opportunities for our Doors & Security segment into the outdoor living space. The results of operations are included in the Doors & Security segment.
- In October 2017, the Company acquired Victoria + Albert, a UK-based premium brand of standalone bathtubs, sinks, tub fillers, faucets and other accessories. In July 2017, we acquired Shaws, a UK-based luxury plumbing products company that specializes in manufacturing and selling fireclay sinks and selling brassware and accessories. The combined consideration paid was approximately \$132 million, including \$5.8 million of additional purchase price consideration paid related to post-closing adjustments during the nine months ended September 30, 2018. The combined consideration paid is subject to further certain post-closing adjustments and deferred acquisition payments. The results of operations of the acquired companies are included in the Plumbing segment from the respective dates of acquisition. We financed the transactions using cash on hand and borrowings under our revolving credit facility.

On September 30, 2018, we had cash and cash equivalents of \$389.9 million, of which \$311.6 million was held at non-U.S. subsidiaries. We manage our global cash requirements considering (i) available funds among the subsidiaries through which we conduct business, (ii) the geographic location of our liquidity needs, and (iii) the cost to access international cash balances. The repatriation of non-U.S. cash balances from certain subsidiaries could have adverse tax consequences as we may be required to pay and record tax expense on those funds that are repatriated.

In June 2016, we amended and restated our credit agreement to combine and rollover the existing revolving credit facility and term loan into a new standalone \$1.25 billion revolving credit facility. Terms and conditions of the credit agreement, including the total commitment amount, essentially remained the same as under the 2011 credit agreement. The revolving credit facility will mature in June 2021 and borrowings thereunder will be used for general corporate purposes. Interest rates under the facility are variable based on LIBOR at the time of the borrowing and the Company's long-term credit rating and can range from LIBOR + 0.9% to LIBOR + 1.5%. At September 30, 2018, we were in compliance with all covenants under this facility.

Our operating cash flows are significantly impacted by the seasonality of our business. We typically generate most of our operating cash flow in the third and fourth quarters of each year. We use operating cash in the first half of the year, particularly in the first quarter.

## **Cash Flows**

Below is a summary of cash flows for the nine months ended September 30, 2018 and 2017.

(In millions)	Nine Months Ended September 30,	
	2018	2017
Net cash provided by operating activities	\$ 343.7	\$ 352.6
Net cash used in investing activities	(568.4)	(113.2)
Net cash provided by (used in) financing activities	307.4	(223.5)
Effect of foreign exchange rate changes on cash	(7.8)	9.7
Net increase in cash and cash equivalents	\$ 74.9	\$ 25.6

Net cash provided by operating activities was \$343.7 million in the nine months ended September 30, 2018 compared to \$352.6 million in the nine months ended September 30, 2017. The decrease in cash provided of \$8.9 million was primarily due to lower net income, partially offset by higher non-cash expenses including depreciation, amortization and asset impairment charges.

Net cash used in investing activities was \$568.4 million in the nine months ended September 30, 2018 compared to \$113.2 million in the nine months ended September 30, 2017. The increase in cash used of \$455.2 million was primarily due to a \$446.6 million increase in cost of acquisitions and \$11.0 million of higher capital spending.

Net cash provided by financing activities was \$307.4 million in the nine months ended September 30, 2018 compared to cash used in financing activities of \$223.5 million in the nine months ended September 30, 2017. The increase in net cash provided of \$530.9 million was primarily due to higher net borrowings in 2018 compared to 2017 (\$976.2 million increase), partly offset by higher share repurchases in 2018 compared to 2017 (\$429.0 million increase).

## **Pension Plans**

Subsidiaries of Fortune Brands Home & Security, Inc. sponsor their respective defined benefit pension plans that are funded by a portfolio of investments maintained within our benefit plan trust. As of December 31, 2017, the fair value of our total pension plan assets was \$656.6 million, representing 79% of the accumulated benefit obligation liability. During 2017, we contributed our 2018 minimum required contribution of approximately \$6.4 million. During 2018, we made an additional voluntary contribution of approximately \$10 million. For the foreseeable future, we believe that we have sufficient liquidity to meet the minimum funding that may be required by the Pension Protection Act of 2006.

## **Foreign Exchange**

We have operations in various foreign countries, principally Canada, China, Mexico, the United Kingdom, France, Australia and Japan. Therefore, changes in the value of the related currencies affect our financial statements when translated into U.S. dollars.

## **RECENTLY ISSUED ACCOUNTING STANDARDS**

The adoption of recent accounting standards, as discussed in Note 2, "Recently Issued Accounting Standards," to our Consolidated Financial Statements, has not had and is not expected to have a significant impact on our revenue, earnings or liquidity.

**Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.**

There have been no material changes in the information provided in the section entitled “Quantitative and Qualitative Disclosures about Market Risk” in our Annual Report on Form 10-K for the year ended December 31, 2017.

**Item 4. CONTROLS AND PROCEDURES.**

**(a) Evaluation of Disclosure Controls and Procedures.**

The Company's management has evaluated, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by this report.

**(b) Changes in Internal Control Over Financial Reporting.**

There have not been any changes in the Company's internal control over financial reporting that occurred during the fiscal quarter ended September 30, 2018 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting. The Company is in the process of reviewing the internal control structure of acquired businesses and, if necessary, will make appropriate changes as we incorporate our controls and procedures into those recently acquired businesses.

**PART II. OTHER INFORMATION**

**Item 1. LEGAL PROCEEDINGS.**

**(a) Other Litigation.**

We are defendants in lawsuits associated with the normal conduct of our businesses and operations. It is not possible to predict the outcome of the pending actions, and, as with any litigation, it is possible that these actions could be decided unfavorably to the Company. The Company believes that there are meritorious defenses to these actions and that these actions will not have a material adverse effect upon our results of operations, cash flows or financial condition, and where appropriate, these actions are being vigorously contested.

**(b) Environmental Matters.**

Compliance with federal, state and local laws regulating the discharge of materials into the environment, or otherwise relating to the protection of the environment, did not have a material effect on capital expenditures, earnings or the competitive position of Fortune Brands during the nine months ended September 30, 2018 and 2017. We are involved in remediation activities to clean up hazardous wastes as required by federal and state laws. Liabilities for remediation costs of each site are based on our best estimate of undiscounted future costs. We believe compliance with current environmental protection laws (before taking into account estimated recoveries from third parties) will not have a material adverse effect upon our results of operations, cash flows or financial condition. Uncertainties about the status of laws, regulations, technology and information related to individual sites make it difficult to develop estimates of environmental remediation exposures.

**Item 1A. RISK FACTORS.**

There have been no material changes to the risk factors previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2017 in the section entitled “Risk Factors.”

**Item 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.**

Below are the repurchases of common stock by the Company or any “affiliated purchaser” (as defined in Rule 10b-18(a)(3) under the Exchange Act) for the three months ended September 30, 2018:

## FIRST AMENDMENT AND INCREMENTAL AGREEMENT

FIRST AMENDMENT AND INCREMENTAL AGREEMENT dated as of August 31, 2018 (this “**Amendment**”), to the Credit Agreement dated as of March 29, 2018 (as amended, supplemented or otherwise modified from time to time, the “**Credit Agreement**”), among FORTUNE BRANDS HOME & SECURITY, INC., a Delaware corporation (the “**Borrower**”), the lenders party thereto prior to the date hereof (the “**Existing Lenders**”), BARCLAYS BANK PLC (the “**Incremental Lender**” and, together with the Existing Lenders, the “**Lenders**”) and JPMORGAN CHASE BANK, N.A., as administrative agent (in such capacity, the “**Administrative Agent**”).

A. Pursuant to the Credit Agreement, the Existing Lenders have extended credit to the Borrower.

B. The Borrower has informed the Administrative Agent and the Existing Lenders that it wishes (a) to obtain an incremental loan in the aggregate principal amount of \$175,000,000 under the Credit Agreement (the “**Incremental Loan**”), (b) to use the proceeds of the Incremental Loan for general corporate purposes, including working capital, capital expenditures, permitted acquisitions and other lawful corporate purposes permitted by the Credit Agreement and (c) to amend the Credit Agreement to provide for the Incremental Loan and to effect the other modifications to the Credit Agreement set forth herein.

C. The Borrower has requested that the Incremental Lender make the Incremental Loan to the Borrower on the First Amendment Effective Date (as defined in Section 5 below), subject to the terms and conditions set forth herein, and the Incremental Lender is willing to make the Incremental Loan, on the terms and subject to the conditions set forth herein.

Accordingly, in consideration of the mutual agreements herein contained and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, the parties hereto agree as follows:

SECTION 1. Terms Generally. (a) The rules of construction set forth in Section 1.03 of the Credit Agreement shall apply *mutatis mutandis* to this Amendment. Capitalized terms used herein but not defined herein have the meanings assigned to them in the Credit Agreement (after giving effect to this Amendment).

SECTION 2. Amendments to the Credit Agreement. The Credit Agreement is hereby amended as follows:

(a) Section 1.01 of the Credit Agreement is hereby amended by amending the definition of “Term Loans” in its entirety as follows:

“Term Loans” means the term loans made on the Closing Date and the Incremental Loan made on the First Amendment Effective Date pursuant to the First Amendment.

(b) Section 1.01 of the Credit Agreement is hereby amended by adding the following definitions in their appropriate alphabetical positions:

“First Amendment” means the First Amendment and Incremental Agreement, dated as of August 31, 2018, among the Borrower, the lenders party thereto (including Barclays Bank PLC, as “Incremental Lender” thereunder) and the Administrative Agent.

“First Amendment Effective Date” means August 31, 2018.

“Incremental Loan” means the incremental term loan in the aggregate principal amount of \$175,000,000 made on the First Amendment Effective Date pursuant to the First Amendment.

SECTION 3. Incremental Loan. (a) Subject to the terms and conditions set forth herein and in the Credit Agreement (as amended by this Amendment), the Incremental Lender agrees to make the Incremental Loan to the Borrower in a single drawing on the First Amendment Effective Date (the commitment of the Incremental Lender to make such Incremental Loan being called its “**Incremental Commitment**”). Amounts repaid in respect of the Incremental Loan may not be reborrowed.

(b) The terms of the Incremental Loan shall be identical to the terms of the Term Loans made on the Closing Date and outstanding immediately prior to the effectiveness of this Amendment (such Term Loans, being referred to herein as the “**Existing Loans**”), except as such terms shall have been modified hereby.

(c) Subject to the terms and conditions set forth herein and effective as of the First Amendment Effective Date, for all purposes of the Credit Documents, (i) the Incremental Loan made hereunder shall constitute an increase in the aggregate amount of the Existing Loans incurred, (ii) the Incremental Loan made hereunder shall be a “Borrowing” and “Term Loan” under the Credit Agreement and shall constitute a Borrowing of the same Type as the Existing Loans, and (iii) the Incremental Lender shall be a “Lender” under the Credit Agreement, shall be a party to the Credit Agreement as a Lender and shall have all the rights and obligations of, and benefits accruing to, a Lender under the Credit Agreement and shall be bound by all agreements, acknowledgements and other obligations of the Lenders. Without limiting the foregoing, the Incremental Loan made hereunder shall mature on the Maturity Date, shall participate in any mandatory or voluntary prepayments on a pro rata basis with the Existing Loans and shall bear interest at the rate specified in the Credit Agreement, as applicable to the Existing Loans. Each reference to the Credit Agreement in this paragraph (c) shall be deemed to be a reference to the Credit Agreement as amended by this Amendment.

(d) The Incremental Lender (i) represents and warrants that it is legally authorized to enter into this Amendment, (ii) confirms that it has received a copy of the Credit Agreement, together with copies of the most recent financial statements delivered pursuant to Section 5.01 thereof, as applicable, and has reviewed such other documents and information as it has deemed appropriate to make its own credit analysis and decision

to enter into this Amendment, (iii) agrees that it will, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement or any other instrument or document furnished pursuant hereto or thereto, (iv) appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers and discretion under the Credit Agreement or any other instrument or document furnished pursuant hereto or thereto as are delegated to the Administrative Agent, as the case may be, by the terms thereof, together with such powers as are incidental thereto and (v) agrees that it will be bound by the provisions of the Credit Agreement and will perform in accordance with its terms all the obligations which by the terms of the Credit Agreement are required to be performed by it as a Lender. The Incremental Lender acknowledges that it has delivered to the Administrative Agent an Administrative Questionnaire in which it designates one or more credit contacts to whom all syndicate-level information (which may contain material non-public information about the Borrower and its affiliates, the Credit Parties and their related parties or their respective securities) will be made available and who may receive such information in accordance with the Incremental Lender's compliance procedures and applicable laws, including Federal and state securities laws.

(e) The funding of the Incremental Loan to be made hereunder shall be made in the manner contemplated by Section 2.02 of the Credit Agreement (*mutatis mutandis*). Unless previously terminated, the Incremental Commitment shall terminate at 5:00 p.m., New York City time, on the First Amendment Effective Date.

SECTION 4. Representations and Warranties. To induce the other parties hereto to enter into this Amendment, the Borrower represents and warrants to the Lenders that, as of the First Amendment Effective Date:

(a) This Amendment has been duly executed and delivered by the Borrower. Each of this Amendment and the Credit Agreement, as amended by this Amendment, constitutes a legal, valid and binding obligation of the Borrower, enforceable against the Borrower in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights generally and subject to general principles of equity, regardless of whether considered in a proceeding in equity or at law.

(b) The representations and warranties of the Borrower set forth in the Credit Documents are true and correct in all material respects (but in all respects if such representation and warranty is qualified by "material" or "Material Adverse Effect) on and as of the date hereof except to the extent any such representation or warranty is stated to relate solely to an earlier date, in which case such representation or warranty shall have been true and correct on and as of such earlier date; provided, however, that for purposes of the foregoing the reference in the definition of "Disclosed Matters" to the "Closing Date" shall be deemed a reference to the "First Amendment Effective Date".

(c) No Default has occurred and is continuing.

SECTION 5. Effectiveness. This Amendment shall become effective as of the date (the “**First Amendment Effective Date**”) on which each of the following conditions precedent shall have been satisfied:

(a) Amendment Execution. The Administrative Agent shall have received counterparts of this Amendment that, when taken together, bear the signatures of (A) the Borrower, (B) the Existing Lenders, (C) the Incremental Lender and (D) the Administrative Agent.

(b) Opinions. The Administrative Agent shall have received a written opinion (addressed to the Administrative Agent and the Lenders and dated the First Amendment Effective Date) from (i) Norton Rose Fulbright US LLP, special counsel to the Credit Parties and (ii) Scott D’Angelo, in-house counsel to the Credit Parties, in each case in form and substance reasonably satisfactory to the Administrative Agent, covering such matters relating to the Credit Parties, this Amendment and the transactions contemplated hereby as the Administrative Agent shall reasonably request. The Borrower hereby requests such counsel to deliver such opinion.

(c) Solvency Certificate. The Administrative Agent shall have received a solvency certificate signed by the chief financial officer of the Borrower, on behalf of each of the Credit Parties, substantially in the form of Exhibit F to the Credit Agreement.

(d) Expenses. The Administrative Agent shall have received reimbursement or payment of all reasonable and documented out-of-pocket expenses (including reasonable fees, charges and disbursements of a single counsel), to the extent invoiced reasonably prior to the First Amendment Effective Date, required to be reimbursed or paid by any Credit Party under the Credit Agreement or any other Credit Document.

(e) Borrowing Request. The Administrative Agent shall have received a Borrowing Request from the Borrower in respect of the Incremental Loan not later than 12:00 noon, New York City time, three Business Days before the First Amendment Effective Date.

SECTION 6. Effect of Amendment. (a) Except as expressly set forth herein, this Amendment shall not by implication or otherwise limit, impair, constitute a waiver of, or otherwise affect the rights and remedies of the Lenders or the Administrative Agent under the Credit Agreement or any other Credit Document, and shall not alter, modify, amend or in any way affect any of the terms, conditions, obligations, covenants or agreements contained in the Credit Agreement or any other Credit Document, all of which are ratified and affirmed in all respects and shall continue in full force and effect. Nothing herein shall be deemed to entitle any Credit Party to a consent to, or a waiver, amendment, modification or other change of, any of the terms, conditions, obligations, covenants or agreements contained in the Credit Agreement or any other Credit Document in similar or different circumstances.

(b) On and after the First Amendment Effective Date, each reference in the Credit Agreement to “this Amendment”, “hereunder”, “hereof”, “herein”, or words of like import, and each reference to the Credit Agreement in any other Credit Document, shall be deemed to be a reference to the Credit Agreement as amended hereby. This Amendment shall constitute a “Credit Document” for all purposes of the Credit Agreement and the other Credit Documents.

SECTION 7. Counterparts. This Amendment may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Amendment and the other Credit Documents constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Delivery of an executed counterpart of a signature page of this Amendment by telecopy or other electronic imaging (including in .pdf format) means shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 8. Governing Law, Etc. THIS AMENDMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAW OF THE STATE OF NEW YORK. Paragraphs (b) through (d) of Section 9.09 and Section 9.10 of the Credit Agreement are hereby incorporated by reference, *mutatis mutandis*.

SECTION 9. Headings. Section headings herein and in the other Credit Documents are included for convenience of reference only and shall not affect the interpretation of this Amendment or any other Credit Document.

[The remainder of this page is intentionally left blank]

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be duly executed by their respective authorized officers as of the day and year first above written.
