FORTUNE BRANDS INNOVATIONS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation and Principles of Consolidation

The Company is a leading innovation company focused on creating smarter, safer and more beautiful homes and improving lives that competes in attractive long-term growth markets in our product categories. References to “Fortune Brands,” “the Company,” “we,” “our” and “us” refer to Fortune Brands Innovations, Inc. and its consolidated subsidiaries as a whole, unless the context otherwise requires.

The condensed consolidated financial statements and notes are presented pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”) and do not contain certain information included in our annual audited consolidated financial statements and notes. The December 30, 2023 condensed consolidated balance sheet was derived from our audited consolidated financial statements, but does not include all disclosures required by U.S. generally accepted accounting principles (“GAAP”). This Quarterly Report on Form 10-Q should be read in conjunction with the audited consolidated financial statements and notes included in our Annual Report on Form 10-K for the year ended December 30, 2023.

The condensed consolidated balance sheets as of March 30, 2024, the related condensed consolidated statements of comprehensive income, equity and cash flows for the thirteen weeks ended March 30, 2024 and the condensed consolidated statements of comprehensive income, equity and cash flows for the thirteen weeks ended April 1, 2023 are unaudited. The presentation of these financial statements requires us to make estimates and assumptions that affect reported amounts and related disclosures. Actual results could differ from those estimates. In the opinion of management, all adjustments necessary for a fair statement of the financial statements have been included. Interim results may not be indicative of results for a full year.

On February 29, 2024, we acquired 100% of the outstanding equity of Wise Water Solutions LLC, doing business as SpringWell Water Filtration Systems (“SpringWell”), for a purchase price of \$105.2 million, subject to post-closing adjustments, net of cash acquired of \$1.4 million. We financed the transaction using cash on hand and borrowings under our existing credit facility. The results of SpringWell are reported as part of the Water Innovations (“Water”) segment. We have not included pro forma financial information as the transaction is immaterial to our condensed consolidated statements of comprehensive income. The fair value allocated to assets acquired and liabilities assumed as of February 29, 2024, was \$105.2 million, which includes \$84.0 million of goodwill. Goodwill includes expected sales and cost synergies and is expected to be deductible for income tax purposes.

In June 2023, we acquired the Emtek and Schaub premium and luxury door and cabinet hardware business (the “Emtek and Schaub Business”) and the U.S. and Canadian Yale and August residential smart locks business (the “Yale and August Business”, and, collectively with the Emtek and Schaub Business, the “Acquired Businesses”) from ASSA ABLOY, Inc. and its affiliates (“ASSA”). The Company completed the acquisition for a total purchase price of approximately \$809.3 million, subject to post-closing adjustments, net of cash acquired of \$16.3 million. As of the date of this filing, legal title to international operations in Vietnam has not yet transferred, but we expect a deferred closing, which will include a payment of approximately \$23.5 million (which amount is already included in the overall purchase price but for which the cash payment has not yet been made) shortly following receipt of local regulatory approval. In preparation for the deferred closing, \$23.5 million is classified as restricted cash within Other current assets and the corresponding payable is included within Other current liabilities. We financed the transaction with cash on hand. The results of the Emtek and Schaub Business are reported as part of the Water segment, and the results of the Yale and August Business are reported as part of the Security segment.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2. Recently Issued Accounting Standards

In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-07, which improves segment disclosure reporting requirements, primarily through enhanced disclosures about significant segment expenses. The ASU is effective for fiscal years beginning after December 15, 2023, and early adoption is permitted. We are currently assessing the impact on our consolidated financial statements and related segment disclosures.

In December 2023, the FASB issued ASU 2023-09 which requires expanded disclosure of the effective tax rate reconciliation and income taxes paid. ASU 2023-09 is effective for annual periods beginning after December 15, 2024. We are currently assessing the impact on our financial statement disclosures.

3. Balance Sheet Information

4. Acquisitions

SpringWell

On February 29, 2024, we acquired 100% of the outstanding equity of SpringWell for a purchase price of \$105.2 million, subject to post-closing adjustments, net of cash acquired of \$1.4 million. We financed the transaction using cash on hand and borrowings under our existing credit facility. The results of SpringWell are reported as part of the Water segment. We have not included pro forma financial information as the transaction is immaterial to our condensed consolidated statements of comprehensive income. The fair value allocated to assets acquired and liabilities assumed as of February 29, 2024, was \$105.2 million, which includes \$84.0 million of goodwill. Goodwill includes expected sales and cost synergies and is expected to be deductible for income tax purposes.

Acquired Businesses

In June 2023, we acquired the Acquired Businesses from ASSA. The Company completed the acquisition for a total purchase price of approximately \$809.3 million, subject to post-closing adjustments, net of cash acquired of \$16.3 million. As of the date of this filing, legal title to international operations in Vietnam has not yet transferred, but we expect a deferred closing, which will include a payment of approximately \$23.5 million (which amount is already included in the overall purchase price but for which the cash payment has not yet been made) shortly following receipt of local regulatory approval. In preparation for the deferred closing, \$23.5 million is classified as restricted cash within Other current assets and the corresponding payable is included within Other current liabilities. We financed the transaction with cash on hand. The results of the Emtex and Schaub Business are reported as part of the Water segment, and the results of the Yale and August Business are reported as part of the Security segment.

The following unaudited pro forma summary presents consolidated financial information as if the Acquired Businesses had been acquired on January 1, 2022. The unaudited pro forma financial information is based on historical results of operations and financial position of the Company and the Acquired Businesses. The pro forma results include:

- estimated amortization of finite-lived intangible assets, including customer relationships and proprietary technology,
- the estimated cost of the inventory adjustment to fair value,
- the reclassification of Acquired Businesses transaction costs from 2023 to the first quarter of 2022,
- the removal of certain transactions recorded in the historical financial statements of the Acquired Businesses related to assets and activities which were retained by the seller, and
- adjustments to conform accounting policies.

The unaudited pro forma financial information does not necessarily represent the results that would have occurred had the acquisition occurred on January 1, 2022. In addition, the unaudited pro forma information should not be deemed to be indicative of future results.

<i>(In millions)</i>	Thirteen Weeks Ended April 1, 2023

Goodwill at March 30, 2024 ^(a)	\$ 1,211.0	\$ 651.1	\$ 126.6	\$ 1,988.7

(a) Net of accumulated impairment losses of \$399.5 million in the Outdoors segment.

FORTUNE BRANDS INNOVATIONS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The gross carrying value and accumulated amortization by class of identifiable intangible assets as of March 30, 2024 and December 30, 2023 were as follows:

(In millions)	As of March 30, 2024			As of December 30, 2023		
	Gross Carrying Amounts	Accumulated Amortization	Net Book Value	Gross Carrying Amounts	Accumulated Amortization	Net Book Value

Total	1,232.2	(397.2)	835.0	1,213.9	(379.3)	834.6
Total identifiable intangibles	\$ 1,751.9	\$ (397.2)	\$ 1,354.7	\$ 1,734.0	\$ (379.3)	\$ 1,354.7

We had net identifiable intangible assets of \$1,354.7 million and \$1,354.7 million as of March 30, 2024 and December 30, 2023, respectively. The \$17.9 million increase in gross identifiable intangible assets was primarily due to the SpringWell acquisition.

Amortizable identifiable intangible assets, principally customer relationships, are subject to amortization over their estimated useful life, ranging from 5 to 30 years, based on the assessment of a number of factors that may impact useful life, which includes customer attrition rates and other relevant factors.

6. External Debt and Financing Arrangements

Senior Notes

At March 30, 2024, the Company had aggregate outstanding senior notes in the principal amount of \$2.7 billion, with varying maturities (the “Notes”). The Notes are unsecured senior obligations of the Company. The following table provides a summary of the Company’s outstanding Notes, including the net carrying value of the Notes, net of underwriting commissions, price discounts, and debt issuance costs as of March 30, 2024 and December 30, 2023:

(in millions)	Principal Amount	Issuance Date	Maturity Date	Net Carrying Value

5.875% Senior Notes	\$ 600.0	June 2023	June 2033	593.6	593.4
Total Senior Notes				\$ 2,671.0	\$ 2,670.1

Credit Facilities

In August 2022, the Company entered into a third amended and restated \$1.25 billion revolving credit facility (the “Revolving Credit Agreement”), and borrowings thereunder will be used for general corporate purposes. The maturity date of the facility is August 2027. Interest rates under the Revolving Credit Agreement are variable based on the Secured Overnight Financing Rate (“SOFR”) at the time of the borrowing and the Company’s long-term credit rating and can range from SOFR + 1.02% to SOFR + 1.525%. Under the Revolving Credit Agreement, the Company is required to maintain a minimum ratio of consolidated EBITDA to consolidated interest expense of 3.0 to 1.0. Consolidated EBITDA is defined as consolidated net income before interest expense, income taxes, depreciation, amortization of intangible assets, losses from asset impairments, and certain other one-time adjustments. In addition, the Company’s ratio of consolidated debt minus certain cash and cash equivalents to consolidated EBITDA generally may not exceed 3.5 to 1.0. There were no outstanding borrowings under this facility as of March 30, 2024 and December 30, 2023. As of March 30, 2024, we were in compliance with all covenants under this facility.

We currently have uncommitted bank lines of credit in China, which provide for unsecured borrowings for working capital of up to \$30.5 million in aggregate as of March 30, 2024 and December 30, 2023. There were no outstanding balances as of March 30, 2024 and December 30, 2023.

FORTUNE BRANDS INNOVATIONS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Commercial Paper

The Company operates a commercial paper program (the “Commercial Paper Program”) pursuant to which the Company may issue unsecured commercial paper notes. The Company’s Revolving Credit Agreement is the liquidity backstop for the repayment of any notes issued under the Commercial Paper Program, and as such, borrowings under the Commercial Paper Program are included in Long-term debt in the condensed consolidated balance sheets. Amounts available under the Commercial Paper Program may be borrowed, repaid and re-borrowed, with the aggregate principal amount outstanding at any time, including borrowings under the Revolving Credit Agreement, not to exceed \$1.25 billion. The Company will use any issuances under the Commercial Paper Program for general corporate purposes. Outstanding borrowings under the Commercial Paper Program as of March 30, 2024 and December 30, 2023 were \$373.7 million and zero, respectively.

FORTUNE BRANDS INNOVATIONS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

7. Financial Instruments

We do not enter into financial instruments for trading or speculative purposes. We principally use financial instruments to reduce the impact of changes in foreign currency exchange rates and commodities used as raw materials in our products. The principal derivative financial instruments we enter into on a routine basis are foreign exchange contracts. Derivative financial instruments are recorded at fair value. The counterparties to derivative contracts are major financial institutions. We are subject to credit risk on these contracts equal to the fair value of these instruments. Management currently believes that the risk of incurring material losses is unlikely and that the losses, if any, would be immaterial to the Company.

Raw materials used by the Company are subject to price volatility caused by weather, supply conditions, geopolitical and economic variables, and other unpredictable external factors. As a result, from time to time, we enter into commodity swaps to manage the price risk associated with forecasted purchases of materials used in our operations.

We may be exposed to interest rate risk on existing debt or forecasted debt issuance. To mitigate this risk, we may enter into interest rate hedge contracts. As of March 30, 2024, we had no outstanding interest rate hedges.

Our primary foreign currency hedge contracts pertain to the British pound, the Canadian dollar, the Mexican peso and the Chinese yuan. The gross U.S. dollar equivalent notional amount of all foreign currency derivative hedges outstanding at March 30, 2024 was \$497.9 million. Based on foreign exchange rates as of March 30, 2024, we estimate that \$11.2 million of net derivative gains included in accumulated other comprehensive income as of March 30, 2024 will be reclassified to earnings within the next twelve months.

The fair values of derivative instruments on the consolidated balance sheets as of March 30, 2024 and December 30, 2023 were as follows:

(In millions)	Location	Fair Value	
		March 30, 2024	December 30, 2023

8. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification requirements for Fair Value Measurements and Disclosures establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs, the highest priority, are quoted prices in active markets for identical assets or liabilities. Level 2 inputs reflect other than quoted prices included in Level 1 that are either observable directly or through corroboration with observable market data. Level 3 inputs are unobservable inputs, due to little or no market activity for the asset or liability, such as internally-developed valuation models. We do not have any assets or liabilities measured at fair value on a recurring basis that are Level 3, except for pension assets discussed in Note 11.

The carrying value and fair value of debt as of March 30, 2024 and December 30, 2023 were as follows:

(In millions)	March 30, 2024		December 30, 2023	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Notes, net of underwriting commissions, price discounts and debt issuance costs	\$ 2,671.0	\$ 2,516.3	\$ 2,670.1	\$ 2,562.4
Commercial paper borrowings	373.7	373.7	—	—
Total debt	\$ 3,044.7	\$ 2,890.0	\$ 2,670.1	\$ 2,562.4

The estimated fair value of our Notes is determined by using quoted market prices of our debt securities, which are Level 1 inputs. The estimated fair value of borrowings under our Commercial Paper Program is determined primarily using broker quotes, which are Level 2 inputs.

Assets and liabilities measured at fair value on a recurring basis as of March 30, 2024 and December 30, 2023 were as follows:

	March 30, 2024	December 30, 2023

9. Accumulated Other Comprehensive Income (Loss)

Total accumulated other comprehensive income (loss) consists of net income and other changes in business equity from transactions and other events from sources other than stockholders. It includes currency translation gains and losses, unrealized gains and losses from derivative instruments designated as cash flow hedges, and defined benefit plan adjustments. The after-tax components of and changes in accumulated other comprehensive (loss) income for the thirteen weeks ended March 30, 2024 and April 1, 2023 were as follows:

10. Revenue

The following table disaggregates our consolidated revenue by major sales distribution channels for the thirteen weeks ended March 30, 2024 and April 1, 2023:

(In millions)	March 30, 2024	April 1, 2023
Wholesalers ^(a)	\$ 533.6	\$ 460.5

U.S. net sales	906.6	851.9
International ^(d)	203.0	188.1
Net sales	\$ 1,109.6	\$ 1,040.0

- (a) Represents sales to customers whose business is oriented towards builders, professional trade people and home remodelers, inclusive of sales through our customers' respective internet website portals.
- (b) Represents sales to the three largest "Do-It-Yourself" retailers: The Home Depot, Inc., Lowe's Companies, Inc. and Menards, Inc., inclusive of sales through their respective internet website portals.
- (c) Represents sales principally to our mass merchant and standalone independent e-commerce customers.
- (d) Represents sales in markets outside the United States, principally in China, Canada, Europe and Mexico.

As part of our contracts with customers, we recognize contract liabilities, principally deferred revenue. Deferred revenue liabilities represents advanced payments and billings in excess of revenue recognized. Deferred revenue liabilities of \$29.6 million and \$33.9 million as of March 30, 2024 and April 1, 2023, respectively, were included in Other current liabilities in our Consolidated Balance Sheet, and \$11.4 million and zero as of March 30, 2024 and April 1, 2023, respectively, were included in Other noncurrent liabilities in our Consolidated Balance Sheet.

11. Defined Benefit Plans

The components of net periodic benefit income for pension benefits for the thirteen weeks ended March 30, 2024 and April 1, 2023 were as follows:

(In millions)	Pension Benefits	
	March 30, 2024	April 1, 2023
Interest cost	\$ 6.2	\$ 6.9
Expected return on plan assets	(8.3)	(7.2)
Net periodic benefit income	\$ (2.1)	\$ (0.3)

12. Income Taxes

The effective income tax rates for the thirteen weeks ended March 30, 2024 and thirteen weeks ended April 1, 2023 were 23.0% and 23.1%, respectively. The difference between the Company's effective income tax rate for the thirteen weeks ended March 30, 2024, and the U.S. statutory rate of 21% primarily relates to state income taxes and foreign income taxed at higher rates, partially offset by a favorable benefit related to a valuation allowance release and tax credits.

In 2021, the Organization for Economic Cooperation & Development ("OECD"), with the support of over 130 countries, endorsed a framework ("Pillar Two"), which includes establishing a 15 percent global minimum corporate tax rate on a country-by-country basis. Numerous countries have adopted legislation in support of Pillar Two or are in the process of doing so, with certain rules becoming effective on January 1, 2024, and the remainder becoming effective on January 1, 2025. The Company is continuing to monitor and evaluate Pillar Two legislation and does not expect it to have a material impact on the Company's tax liability in 2024.

13. Product Warranties

We generally record warranty expense related to contractual warranty terms at the time of sale. We may also provide customer concessions for claims made outside of the contractual warranty terms and those expenses are recorded in the period in which the concession is made. We offer our customers various warranty terms based on the type of product that is sold. Warranty expense is determined based on historic claim experience and the nature of the product category. The following table summarizes activity related to our product warranty liability for the thirteen weeks ended March 30, 2024 and April 1, 2023.

17. Commitments and Contingencies

Litigation

The Company is a defendant in lawsuits that are ordinary, routine litigation matters incidental to its businesses. It is not possible to predict the outcome of the pending actions, and, as with any litigation, it is possible that these actions could be decided unfavorably to the Company. The Company believes that there are meritorious defenses to these actions and that these actions will not have a material adverse effect upon our results of operations, cash flows or financial condition, and where appropriate, these actions are being vigorously contested. Accordingly, the Company believes the likelihood of material loss is remote.

Environmental

We are involved in remediation activities to clean up hazardous wastes as required by federal and state laws. Liabilities for remediation costs of each site are based on our best estimate of undiscounted future costs, excluding possible insurance recoveries or recoveries from other third parties. Uncertainties about the status of laws, regulations, technology and information related to individual sites make it difficult to develop estimates of environmental remediation exposures. Some of the potential liabilities relate to sites we own, and some relate to sites we no longer own or never owned. Several of our subsidiaries have been designated as potentially responsible parties ("PRP") under Superfund or similar state laws. In most instances where our subsidiaries are named as a PRP, we enter into cost-sharing arrangements with other PRPs. We give notice to insurance carriers of potential PRP liability, but very rarely, if ever, receive reimbursement from insurance for PRP costs. We believe compliance with current environmental protection laws (before taking into account estimated recoveries from third parties) will not have a material adverse effect upon our results of operations, cash flows or financial condition.

Item 2.

**MANAGEMENT’S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS.**

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our unaudited condensed consolidated financial statements and the notes thereto, which are included in this report, as well as our audited consolidated financial statements for the year ended December 30, 2023, which are included in our Annual Report on Form 10-K for the year ended December 30, 2023.

This discussion contains forward-looking statements that are made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Forward-looking statements include all statements that are not historical statements of fact and those regarding our intent, belief or expectations for our business, operations, financial performance or financial condition in addition to statements regarding our general business strategies, the market potential of our brands, trends in the housing market, the potential impact of costs, including material and labor costs, the potential impact of inflation, expected capital spending, expected pension contributions, the expected impact of acquisitions, dispositions and other strategic transactions. Statements preceded by, followed by or that otherwise include the words “believes,” “expects,” “anticipates,” “intends,” “projects,” “estimates,” “plans,” “outlook,” “positioned” and similar expressions or future or conditional verbs such as “will,” “should,” “would,” “may,” “confident,” “opportunity” and “could” are generally forward-looking in nature and not historical facts. Where, in any forward-looking statement, we express an expectation or belief as to future results or events, such expectation or belief is based on current expectations, estimates, assumptions and projections of our management about our industry, business and future financial results, available at the time this report is filed with the Securities and Exchange Commission. Although we believe that these statements are based on reasonable assumptions, they are subject to numerous factors, risks and uncertainties that could cause actual outcomes and results to be materially different from those indicated in such statements, including but not limited to: (i) our reliance on the North American and Chinese home improvement, repair and remodel and new home construction activity levels, (ii) the housing market, downward changes in the general economy, unfavorable interest rates or other business conditions, (iii) the competitive nature of consumer and trade brand businesses, (iv) our ability to execute on our strategic plans and the effectiveness of our strategies in the face of business competition, (v) our reliance on key customers and suppliers, including wholesale distributors and dealers and retailers, (vi) risks relating to rapidly evolving technological change, (vii) risks associated with our ability to improve organizational productivity and global supply chain efficiency and flexibility, (viii) risks associated with global commodity and energy availability and price volatility, as well as the possibility of sustained inflation, (ix) delays or outages in our information technology systems or computer networks, or breaches of our information technology systems or other cybersecurity incidents, (x) risks associated with doing business globally, including changes in trade-related tariffs and risks with uncertain trade environments, (xi) risks associated with the disruption of operations, (xii) our inability to obtain raw materials and finished goods in a timely and cost-effective manner, (xiii) risks associated with entering into potential strategic acquisitions and joint ventures and related integration activities, (xiv) impairments in the carrying value of goodwill or other acquired intangible assets, (xv) risks of increases in our defined benefit-related costs and funding requirements, (xvi) our ability to attract and retain qualified personnel and other labor constraints, (xvii) the effect of climate change and the impact of related changes in government regulations and consumer preferences, (xviii) risks associated with environmental, social and governance matters, (xix) potential liabilities and costs from claims and litigation, (xx) changes in government and industry regulatory standards, (xxi) future tax law changes or the interpretation of existing tax laws, (xxii) our ability to secure and protect our intellectual property rights, (xxiii) the impact of COVID-19 on the business, (xxiv) our ability to achieve the expected benefits of the separation of MasterBrand, Inc. (“MasterBrand”), the Company’s Cabinets business (the “Separation”) (xxv) the risk that we may be required to indemnify MasterBrand in connection with the Separation or that MasterBrand’s indemnities to us may not be sufficient to hold us harmless for the full amount of liabilities for which MasterBrand has been allocated responsibility and (xxvi) the potential that the Separation fails to qualify as tax-free for U.S. federal income tax purposes. These and other factors are discussed in Part I, Item 1A “Risk Factors” of our Annual Report on Form 10-K for the year ended December 30, 2023. We undertake no obligation to, and expressly disclaim any such obligation to, update or clarify any forward-looking statements to reflect changed assumptions, the occurrence of anticipated or unanticipated events, new information or changes to future results over time or otherwise, except as required by law.

OVERVIEW

References to “Fortune Brands,” “the Company,” “we,” “our” and “us” refer to Fortune Brands Innovations, Inc. and its consolidated subsidiaries as a whole, unless the context otherwise requires. The Company is a leading innovation company focused on creating smarter, safer and more beautiful homes and improving lives that competes in attractive long-term growth markets in our product categories.

We believe that the Company has certain competitive advantages including market-leading brands, a diversified mix of channels, lean and flexible supply chains, a strong capital structure, as well as a tradition of strong innovation and customer service. We are focused on outperforming our markets in growth, profitability and returns in order to drive increased stockholder value. We believe the Company’s track record reflects the long-term attractiveness and potential of the categories we serve and our leading brands. The long-term outlook for our products remain favorable, and our strategic advantages, including the set of capabilities we refer to as the Fortune Brands Advantage, helps us to continue to achieve profitable organic growth.

We continue to believe our most attractive opportunities are to invest in profitable organic growth initiatives, pursue accretive strategic acquisitions, non-controlling equity investments, and joint ventures, and return cash to stockholders through a combination of dividends and repurchases of shares of our common stock under our share repurchase program as explained in further detail under “Liquidity and Capital Resources” below.

The U.S. market for our products primarily consists of spending on both new home construction and repair and remodel activities within existing homes, with a substantial majority of the markets we serve consisting of repair and remodel spending. Continued growth in the U.S. market for our home products will largely depend on consumer confidence, employment, wage growth, home prices, stable mortgage rates and credit availability. Increases in inflation and mortgage rates during the preceding years have slowed the pace of single-family and existing home sales activity and new home construction and repair and remodel activities. However, we believe we are well positioned to manage what we expect to be a short-term slow-down in the housing market as we believe the fundamental drivers of the housing market remain intact.

We have been and may continue to be impacted by near-term supply, labor and freight constraints, a volatile global supply chain environment, as well as sustained increased rates of inflation, increased interest rates, unfavorable fluctuations in foreign exchange rates and the ongoing costs of tariffs. We continue to manage these challenges and are diligently working to offset potential unfavorable impacts of these items through continuous productivity improvement initiatives and price increases.

On February 29, 2024, we acquired 100% of the outstanding equity of Wise Water Solutions LLC, doing business as SpringWell Water Filtration Systems (“SpringWell”), for a purchase price of \$105.2 million, subject to post-closing adjustments, net of cash acquired of \$1.4 million. We financed the transaction using cash on hand and borrowings under our existing credit facility. The results of SpringWell are reported as part of the Water Innovations (“Water”) segment. We have not included pro forma financial information as the transaction is immaterial to our condensed consolidated statements of comprehensive income. The fair value allocated to assets acquired and liabilities assumed as of February 29, 2024, was \$105.2 million, which includes \$84.0 million of goodwill. Goodwill includes expected sales and cost synergies and is expected to be deductible for income tax purposes.

In June 2023, we acquired the Emtek and Schaub premium and luxury door and cabinet hardware business (the “Emtek and Schaub Business”) and the U.S. and Canadian Yale and August residential smart locks business (the “Yale and August Business”, and, collectively with the Emtek and Schaub Business, the “Acquired Businesses”) from ASSA ABLOY, Inc. and its affiliates (“ASSA”). The Company completed the acquisition for a total purchase price of approximately \$809.3 million, subject to post-closing adjustments, net of cash acquired of \$16.3 million. As of the date of this filing, legal title to international operations in Vietnam has not yet transferred, but we expect a deferred closing, which will include a payment of approximately \$23.5 million (which amount is already included in the overall purchase price but for which the cash payment has not yet been made) shortly following receipt of local regulatory approval. In preparation for the deferred closing, \$23.5 million is classified as restricted cash within Other current assets and the corresponding payable is included within Other current liabilities. We financed the transaction with cash on hand. The results of the Emtek and Schaub Business are reported as part of the Water segment, and the results of the Yale and August Business are reported as part of the Security segment.

The following discussion of consolidated results of operations and segment results refers to the thirteen weeks ended March 30, 2024 compared to the thirteen weeks ended April 1, 2023. Consolidated results of operations should be read in conjunction with segment results of operations.

Net sales

Net sales increased by \$69.6 million, or 6.7%, due to the benefit from the acquisition of the Acquired Businesses (\$93.7 million) and higher sales in our international markets (\$14.9 million), partially offset by higher customer sales incentives, lower sales unit volume in the U.S. and unfavorable foreign exchange (\$1.0 million).

Cost of products sold

Cost of products sold decreased by \$9.7 million, or 1.5%, due to raw material cost deflation, lower transportation costs and productivity improvements in all of our segments as a result of strategic sourcing initiatives and manufacturing efficiencies. These factors were partially offset by the impact of the acquisition of the Acquired Businesses.

Selling, general and administrative expenses

Selling, general and administrative expenses increased by \$50.8 million, or 19.5%, due to higher headcount related costs and higher advertising and marketing costs mainly as a result of the acquisition of the Acquired Businesses in addition to higher corporate expenses.

Restructuring charges

Restructuring charges of \$2.8 million in the thirteen weeks ended March 30, 2024 are largely related to costs associated with the previously announced planned closure of a manufacturing facility within our Security segment, a product line rationalization within our Outdoors segment and headcount actions across all segments. Restructuring charges for the thirteen weeks ended April 1, 2023 were \$3.1 million.

Operating income

Operating income increased by \$23.6 million, or 17.9%, primarily due to raw material cost deflation, lower transportation costs and productivity improvements in all of our segments as a result of strategic sourcing initiatives and manufacturing efficiencies, and the impacts of the acquisition of the Acquired Businesses. These factors were partially offset by increased intangible amortization expense as a result of the acquisition of the Acquired Businesses (\$5.2 million), higher customer sales incentives, higher headcount related costs, and unfavorable foreign exchange of approximately \$1 million.

RESULTS OF OPERATIONS (Continued)

Interest expense

Interest expense increased by \$3.3 million to \$30.1 million due to higher floating rate debt balances (\$373.7 million outstanding as of March 30, 2024) and higher fixed rate debt interest rates with the issuance of the \$600 million outstanding principal amount of 5.875% Senior Notes due in June 2033 relative to the maturity and settlement of the \$600 million outstanding principal amount of 4.000% Senior Notes due in September 2023.

Other (income) expense, net

Other expense, net, was \$0.1 million in the thirteen weeks ended March 30, 2024, compared to other income, net of \$6.3 million in the thirteen weeks ended April 1, 2023. The decrease in other income, net is primarily due to a decrease in foreign currency transaction income and interest income.

Income taxes

The effective income tax rates for the thirteen weeks ended March 30, 2024 and thirteen weeks ended April 1, 2023 were 23.0% and 23.1%, respectively.

The difference between the Company's effective income tax rate for the thirteen weeks ended March 30, 2024, and the U.S. statutory rate of 21% primarily relates to state income taxes and foreign income taxed at higher rates, partially offset by a valuation allowance release and tax credits.

The difference between the Company's effective income tax rate for the thirteen weeks ended April 1, 2023, and the U.S. statutory rate of 21% primarily relates to state income taxes, foreign income taxed at higher rates, partially offset by a favorable benefit related to decreases in uncertain tax positions and a valuation allowance release.

Income from Continuing Operations, net of tax

Income from continuing operations, net of tax, was \$96.4 million in the thirteen weeks ended March 30, 2024, compared to \$85.6 million in the thirteen weeks ended April 1, 2023. The increase was due to higher operating income, partly offset by higher interest expense, higher income tax expense and lower other income.

Results By Segment

Water

Net sales increased by \$31.1 million, or 5.2%, due to the benefit from the acquisition of the Acquired Businesses (\$67.6 million) partially offset by higher customer sales incentives, lower sales unit volume in the U.S. and unfavorable foreign exchange (\$1.2 million).

Operating income increased by \$12.9 million, or 10.0%, primarily due to the benefit from the acquisition of the Acquired Businesses, productivity improvements as a result of strategic sourcing initiatives and manufacturing efficiencies, lower transportation costs and raw material cost deflation. These factors were partially offset by increased intangible amortization expense due to the impact of the acquisition of the Acquired Businesses (\$4.8 million) and higher headcount related costs.

Outdoors

Net sales increased by \$25.1 million, or 8.7%, due to higher sales unit volume for our exterior doors products, partially offset by higher customer sales incentives and unfavorable channel mix.

Operating income increased by \$21.3 million, or 163.8%, due to the higher sales unit volume and productivity improvements as a result of strategic sourcing initiatives and manufacturing efficiencies.

Security

Net sales increased by \$13.4 million, or 8.6%, due to the benefit from the acquisition of the Acquired Businesses (\$26.1 million) partially offset by lower sales unit volume.

Operating income decreased by \$2.0 million, or 9.5%, due to lower sales unit volume and higher restructuring and other charges associated with the planned closure of a manufacturing facility, partially offset by productivity improvements as a result of strategic sourcing initiatives and manufacturing efficiencies, lower transportation costs and raw material cost deflation.

Corporate

Corporate expenses increased by \$8.6 million, or 28.0%, due to headcount related costs and costs related to our digital transformation efforts.

LIQUIDITY AND CAPITAL RESOURCES

Our principal sources of liquidity are cash on hand, cash flows from operating activities, cash borrowed under our credit facility and cash from debt issuances in the capital markets. Our operating income is generated by our subsidiaries. We believe our operating cash flows, including funds available under the credit facility and access to capital markets, provide sufficient liquidity to support the Company's working capital requirements, capital expenditures and service of indebtedness, as well as to finance acquisitions, repurchase shares of our common stock and pay dividends to stockholders, as the Board of Directors deems appropriate.

Our cash flows from operations, borrowing availability and overall liquidity are subject to certain risks and uncertainties, including those described in the section of our Annual Report on Form 10-K for the year ended December 30, 2023 entitled "Item 1A. Risk Factors". In addition, we cannot predict whether or when we may enter into acquisitions, joint ventures or dispositions, repurchase shares of our common stock under our share repurchase program or pay dividends, or what impact any such transactions could have on our results of operations, cash flows or financial condition, whether as a result of the issuance of debt or equity securities, or otherwise.

Long-Term Debt

At March 30, 2024, the Company had aggregate outstanding notes in the principal amount of \$2.7 billion, with varying maturities (the "Notes"). The Notes are unsecured senior obligations of the Company. In addition, we believe that we have the ability to obtain alternative sources of financing if required. The following table provides a summary of the Company's outstanding Notes, including the net carrying value of the Notes, net of underwriting commissions, price discounts and debt issuance costs as of March 30, 2024 and December 30, 2023:

(in millions)	Principal Amount	Issuance Date	Maturity Date	Net Carrying Value	
				March 30, 2024	December 30, 2023
4.000% Senior Notes	\$ 500.0	June 2015	June 2025	\$ 499.1	\$ 498.9
3.250% Senior Notes	\$ 700.0	September 2019	September 2029	695.9	695.7
4.000% Senior Notes	\$ 450.0	March 2022	March 2032	446.4	446.2
4.500% Senior Notes	\$ 450.0	March 2022	March 2052	436.0	435.9
5.875% Senior Notes	\$ 600.0	June 2023	June 2033	593.6	593.4
Total Senior Notes				\$ 2,671.0	\$ 2,670.1

Credit Facilities

In August 2022, the Company entered into a third amended and restated \$1.25 billion revolving credit facility (the "Revolving Credit Agreement"), and borrowings thereunder will be used for general corporate purposes. The maturity date of the facility is August 2027. Interest rates under the Revolving Credit Agreement are variable based on SOFR at the time of the borrowing and the Company's long-term credit rating and can range from SOFR + 1.02% to SOFR + 1.525%. Under the Revolving Credit Agreement, the Company is required to maintain a minimum ratio of consolidated EBITDA to consolidated interest expense of 3.0 to 1.0. Consolidated EBITDA is defined as consolidated net income before interest expense, income taxes, depreciation, amortization of intangible assets, losses from asset impairments, and certain other one-time adjustments. In addition, the Company's ratio of consolidated debt minus certain cash and cash equivalents to consolidated EBITDA generally may not exceed 3.5 to 1.0. On March 30, 2024 and December 30, 2023, there were no outstanding borrowings under this facility. As of March 30, 2024, we were in compliance with all covenants under this facility.

We currently have uncommitted bank lines of credit in China, which provide for unsecured borrowings for working capital of up to \$30.5 million in aggregate as of March 30, 2024 and December 30, 2023, respectively. There were no outstanding balances as of March 30, 2024 and December 30, 2023.

Commercial Paper

The Company operates a commercial paper program (the “Commercial Paper Program”) pursuant to which the Company may issue unsecured commercial paper notes. The Company's Revolving Credit Agreement is the liquidity backstop for the repayment of any notes issued under the Commercial Paper Program, and as such borrowings under the Commercial Paper Program are included in Long-term debt in the condensed consolidated balance sheets. Amounts available under the Commercial Paper Program may be borrowed, repaid and re-borrowed, with the aggregate principal amount outstanding at any time, including borrowings under the Revolving Credit Agreement, not to exceed \$1.25 billion. The Company will use any issuances under the Commercial Paper Program for general corporate purposes. Outstanding borrowings under the Commercial Paper Program as of March 30, 2024 and December 30, 2023 were \$373.7 million and zero, respectively.

Cash and Seasonality

On March 30, 2024, we had cash and cash equivalents of \$359.7 million, of which \$274.2 million was held at non-U.S. subsidiaries. We manage our global cash requirements considering (i) available funds among the subsidiaries through which we conduct business, (ii) the geographic location of our liquidity needs, and (iii) the cost to access international cash balances. The repatriation of non-U.S. cash balances from certain subsidiaries could have adverse tax consequences as we may be required to pay and record tax expense on those funds that are repatriated.

Our operating cash flows are significantly impacted by the seasonality of our business. We typically generate most of our operating cash flow in the third and fourth fiscal quarters of each year.

We believe that our current cash position, cash flow generated from operations, and amounts available under our revolving credit facility should be sufficient for our operating requirements and enable us to fund our capital expenditures, share repurchases, dividend payments, and any required long-term debt payments.

Share Repurchases and Dividends

On January 29, 2024, the Company's Board of Directors authorized the repurchase of up to \$650 million of shares of the Company's outstanding common stock over the next two years on the open market or in privately negotiated transactions or otherwise (including pursuant to a Rule 10b5-1 trading plan, block trades and accelerated share repurchase transactions), in accordance with applicable securities laws.

In the thirteen weeks ended March 30, 2024, we repurchased 1.3 million shares of our outstanding common stock under the Company's share repurchase program for \$100.0 million. As of March 30, 2024, the Company's total remaining share repurchase authorization under its share repurchase program was approximately \$624.8 million. The share repurchase program does not obligate the Company to repurchase any specific dollar amount or number of shares and may be suspended or discontinued at any time.

In the thirteen weeks ended March 30, 2024, we paid dividends in the amount of \$30.1 million to the Company's stockholders. Our Board of Directors will continue to evaluate dividend payment opportunities on a quarterly basis. There can be no assurance as to when and if future dividends will be paid, and at what level, because the payment of dividends is dependent on our financial condition, results of operations, cash flows, capital requirements and other factors deemed relevant by our Board of Directors. There are no restrictions on the ability of our subsidiaries to pay dividends or make other distributions to Fortune Brands.

Acquisitions

On February 29, 2024, we acquired 100% of the outstanding equity of SpringWell for a purchase price of \$105.2 million, subject to post-closing adjustments, net of cash acquired of \$1.4 million. We financed the transaction using cash on hand and borrowings under our existing credit facility. The results of SpringWell are reported as part of the Water segment. We have not included pro forma financial information as the transaction is immaterial to our condensed consolidated statements of comprehensive income. The fair value allocated to assets acquired and liabilities assumed as of February 29, 2024, was \$105.2 million, which includes \$84.0 million of goodwill. Goodwill includes expected sales and cost synergies and is expected to be deductible for income tax purposes.

In June 2023, we acquired the Acquired Businesses from ASSA. The Company completed the acquisition for a total purchase price of approximately \$809.3 million, subject to post-closing adjustments, net of cash acquired of \$16.3 million. We financed the transaction with cash on hand. As of the date of this filing, legal title to international operations in Vietnam has not yet transferred, but we expect a deferred closing, which will include a payment of approximately \$23.5 million (which amount is already included in the overall purchase price but for which the cash payment has not yet been made), shortly following receipt of local regulatory approval. In preparation for the deferred closing, \$23.5 million is classified as restricted cash within Other current assets and the corresponding payable is included within Other current liabilities. The results of the Emtek and Schaub Business are reported as part of the Water segment and the results of the Yale and August Business are reported as part of the Security segment.

We periodically review our portfolio of brands and evaluate potential strategic transactions and other capital initiatives to increase stockholder value.

Cash Flows

Below is a summary of cash flows for the thirteen weeks ended March 30, 2024 and the thirteen weeks ended April 1, 2023.

(In millions)

	March 30, 2024	April 1, 2023
Net cash (used in) provided by operating activities	\$ (71.3)	\$ 76.1
Net cash used in investing activities	(169.8)	(42.6)
Net cash provided by (used in) financing activities	238.7	(139.3)
Effect of foreign exchange rate changes on cash	(5.0)	2.2
Net decrease in cash and cash equivalents	\$ (7.4)	\$ (103.6)

Net cash used in operating activities was \$71.3 million in the thirteen weeks ended March 30, 2024, compared to net cash provided by operating activities of \$76.1 million in the thirteen weeks ended April 1, 2023. The increase in cash used of \$147.4 million was primarily due to an increase in inventory balances compared to the prior period as a result of our 2023 initiative to decrease inventory balances to align with the U.S. home product market activity and increases in accounts receivables resulting from higher net sales, partially offset by increases in accounts payable.

Net cash used in investing activities was \$169.8 million in the thirteen weeks ended March 30, 2024, compared to net cash used in investing activities of \$42.6 million in the thirteen weeks ended April 1, 2023. The increase in cash used of \$127.2 million reflects the cash used in the SpringWell acquisition in February 2024 (\$105.2 million) and an increase in capital expenditures.

Net cash provided by financing activities was \$238.7 million in the thirteen weeks ended March 30, 2024, compared to cash used in financing activities of \$139.3 million in the thirteen weeks ended April 1, 2023. The increase in cash provided of \$378 million was primarily due to net issuances under our commercial paper program (\$375.0 million) and an increase in proceeds from the exercise of stock options.

Pension Plans

Subsidiaries of Fortune Brands sponsor their respective defined benefit pension plans that are funded by a portfolio of investments maintained within our benefit plan trust. As of December 30, 2023, the fair value of our total pension plan assets was \$468.0 million, representing funding of about 96% of the accumulated benefit obligation liability. During the thirteen weeks ended March 30, 2024, we made no pension contributions. For the foreseeable future, we believe that we have sufficient liquidity to meet the minimum funding that may be required by the Pension Protection Act of 2006.

Foreign Exchange

We have operations in various foreign countries, principally Canada, Mexico, the United Kingdom, China, South Africa, Vietnam and France. Therefore, changes in the value of the related currencies affect our financial statements when translated into U.S. dollars.

RECENTLY ISSUED ACCOUNTING STANDARDS

Refer to Note 2, "Recently Issued Accounting Standards," in Item 1 for discussion of recently issued accounting standards.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

There have been no material changes in the information provided in the section entitled “Quantitative and Qualitative Disclosures about Market Risk” in our Annual Report on Form 10-K for the year ended December 30, 2023.

Item 4. CONTROLS AND PROCEDURES.

(a) Evaluation of Disclosure Controls and Procedures.

The Company’s management has evaluated, with the participation of the Company’s Chief Executive Officer and Chief Financial Officer, the effectiveness of the Company’s disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that the Company’s disclosure controls and procedures were effective as of the end of the period covered by this report.

(b) Changes in Internal Control Over Financial Reporting.

There have not been any changes in the Company’s internal control over financial reporting that occurred during the fiscal quarter ended March 30, 2024 that have materially affected, or are reasonably likely to materially affect, the Company’s internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. LEGAL PROCEEDINGS.

(a) Litigation.

The Company is a defendant in lawsuits that are ordinary, routine litigation matters incidental to its businesses. It is not possible to predict the outcome of the pending actions, and, as with any litigation, it is possible that these actions could be decided unfavorably to the Company. The Company believes that there are meritorious defenses to these actions and that these actions will not have a material adverse effect upon our results of operations, cash flows or financial condition, and where appropriate, these actions are being vigorously contested. Accordingly, the Company believes the likelihood of material loss is remote.

(b) Environmental.

We are involved in remediation activities to clean up hazardous wastes as required by federal and state laws. Liabilities for remediation costs of each site are based on our best estimate of undiscounted future costs, excluding possible insurance recoveries or recoveries from other third parties. Uncertainties about the status of laws, regulations, technology and information related to individual sites make it difficult to develop estimates of environmental remediation exposures. Some of the potential liabilities relate to sites we own, and some relate to sites we no longer own or never owned. Several of our subsidiaries have been designated as potentially responsible parties (“PRP”) under Superfund or similar state laws. In most instances where our subsidiaries are named as a PRP, we enter into cost-sharing arrangements with other PRPs. We give notice to insurance carriers of potential PRP liability, but very rarely, if ever, receive reimbursement from insurance for PRP costs. We believe compliance with current environmental protection laws (before taking into account estimated recoveries from third parties) will not have a material adverse effect upon our results of operations, cash flows or financial condition.

Item 1A. RISK FACTORS.

There have been no material changes to the risk factors previously disclosed in our Annual Report on Form 10-K for the fiscal year ended December 30, 2023.

Item 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

Below are the repurchases of common stock by the Company or any “affiliated purchaser” (as defined in Rule 10b-18(a)(3) under the Exchange Act) for the thirteen weeks ended March 30, 2024:

	<u>Issuer Purchases of Equity Securities</u>			
	<u>Total number of shares purchased^(a)</u>	<u>Average price paid per share</u>	<u>Total number of shares purchased as part of publicly announced plans or programs^(a)</u>	<u>Maximum dollar amount that may yet be purchased under the plans or programs^(a)</u>
Thirteen Weeks Ended March 30, 2024				
December 31 – January 27	—	\$ —	—	\$ 434,580,518
January 28 – February 24	947,363	78.92	947,363	1,009,815,585
February 25 – March 30	316,894	79.63	316,894	624,764,985
Total	1,264,257	\$ 79.10	1,264,257	

^(a) Information on the Company’s share repurchase program follows:

<u>Authorization date</u>	<u>Announcement date</u>	<u>Authorization amount of shares of outstanding common stock</u>	<u>Expiration date</u>
March 1, 2022	March 2, 2022	\$750,000,000	March 1, 2024
January 29, 2024	January 29, 2024	\$650,000,000	January 29, 2026

Item 5. OTHER INFORMATION.

Securities Trading Plans of Directors and Officers

A significant portion of the compensation of our officers is delivered in the form of equity awards, including performance share awards, restricted stock units and stock options. The Company's compensation programs and practices are designed to pay for performance and to align management's interests with those of the Company's stockholders while attracting, motivating and retaining superior talent to lead our Company. In addition, members of the Board of Directors receive a portion of their compensation in Company common stock. Our executive officers and directors may engage from time to time in the open-market sale or other transactions involving those securities and may also purchase our securities.

Transactions in our securities by our directors and officers are required to be made in accordance with our Insider Trading Policy, which, among other things, requires that the transactions be in accordance with applicable U.S. federal securities laws that prohibit trading while in possession of material nonpublic information. Rule 10b5-1 under the Exchange Act provides an affirmative defense that enables prearranged transactions in securities in a manner that avoids concerns about initiating transactions at a future date while possibly in possession of material nonpublic information. Our directors and officers are permitted to enter into trading plans designed to comply with Rule 10b5-1.

During the first quarter of 2024, none of our directors or officers adopted or terminated a Rule 10b5-1 trading plan or adopted or terminated a non-Rule 10b5-1 trading arrangement (as defined in Item 408(c) of Regulation S-K).
